## Orange launches its corporate iPhone offer

- Orange Business Services is providing corporate customers a dedicated iPhone offer.
- The iPhone is available from €399, excl. VAT.

### The iPhone for professionals

Companies can now equip their employees with the new Apple iPhone by subscribing to a dedicated business offer, The Orange Business option for iPhone.

The data option provides unlimited access to functions such as visual voice mail, email and Internet browsing within mainland France. The option also includes 100 hours of WiFi connectivity every month, where users can connect to any of the 30,000 Orange WiFi Access hotspots in France. It also includes 1,000 SMS within mainland France (not including SMS with special rates).

The Orange Business option is available for €29.90 a month, with a minimum subscription of 24 months, or for €32.22 (excl. VAT) for a minimum subscription of 12 months. Subscriptions can be made in addition to voice options and packages compatible with Orange Business Services, as well as Business Sans Frontières options for frequent travellers.

The iPhone for professionals is available via Orange customer service, your Orange Business Services operator or Orange shops, at the price of:

- €39 (excl. VAT) when linked to the Orange Business for iPhone option, in addition to a voice offer compatible with Orange Business Services
- €459 (excl. VAT) without the Orange Business for iPhone option, but with a year's minimum subscription with an offer compatible with Orange Business Services
- €549 (excl. VAT) without the Orange Business for iPhone and without a minimum subscription (rates available in Orange shops if the customer does not have an Orange Business Services mobile).

### About Orange

Orange is the key brand of France Telecom, one of the world's leading telecommunications operators. France Telecom serves more than 170 million customers in five continents as of December 31, 2007, of which two thirds are Orange customers. The Group had consolidated sales of 52.9 billion euros in 2007. As of December 31, 2007, the Group had 109.6 million mobile customers and 11.6 million broadband internet (ADSL) customers.

Launched in June 2005, the NExT program (New Experience in Telecommunications) will enable the Group to pursue its transformation as an integrated operator and make France Telecom the benchmark for new telecommunications services in Europe. In 2006, Orange became the Group's single brand for Internet, television and mobile services in the majority of countries where the company operates, and Orange Business Services the banner for services offered to businesses worldwide. France Telecom is the number three mobile operator and the number one provider of broadband internet services in Europe and one of the world leaders in providing telecommunication services to multinational companies. France Telecom (NYSE:FTE) is listed on Euronext Paris and on the New York Stock Exchange.
