Orange for pros: Internet access, anywhere, anytime

Orange has launched **Everywhere pro**, a solution designed to provide professionals with hassle-free connection to the Internet, both at the office and on the move. The Everywhere pro limited edition is available for the first 2,000 customers, from 24 April to 1 October 2008.

Today, Internet for pros is everywhere!

Because Internet access on a daily basis is now essential for professionals, Orange has designed a complete package: the Everywhere pro limited edition. This package combines unlimited fixed-line Internet access, telephony via the Internet, with unlimited calls to fixed lines in mainland France and 3 hours of mobile broadband Internet access each month using a 3G+ key (sold separately). Orange can supply and install this "all-in-one" solution, enabling customers to get to know the product simply and in no time at all.

The Everywhere pro limited edition includes:

- Unlimited Internet access
- Unlimited calls to fixed lines in mainland France
- 3 hours of mobile broadband Internet every month in mainland France. Beyond the 3 hours included or if you connect from abroad or from the French overseas territories, usage is billed at ex-contract rates. See inset
- Customised e-mail addresses in your company's name*, including the domain name option
- Pro customer service available 24/7 on **3901**
- Installation by appointment
- Price: € 49 excl. Vat per month, with a 24-month commitment

About Orange

France Telecom, one of the world's leading telecommunications operators, serves more than 170 million customers in five continents as of December 31, 2007, of which two thirds are Orange customers. The Group had consolidated sales of 52.9 billion euros in 2007. As of December 31, 2007, the Group had 109.6 million mobile customers and 11.6 million broadband internet (ADSL) customers. Launched in June 2005, the NExT program (New Experience in Telecommunications) will enable the Group to pursue its transformation as an integrated operator and make France Telecom the benchmark for new telecommunications services in Europe. In 2006, Orange became the Group's single brand for Internet, television and mobile services in the majority of countries where the company operates, and Orange Business Services the brand name for services offered to businesses worldwide. France Telecom is the number three mobile operator and the number one provider of broadband internet services in Europe and one of the world leaders in providing telecommunication services to multinational companies.

France Telecom (NYSE:FTE) is listed on Euronext Paris and on the New York Stock Exchange.
