The iPhone 3G S available from Orange from June 19

With the best mobile broadband coverage in Metropolitan France (more than 78% of the population covered in 3G+, 99% in EDGE), applications and offers specifically designed for the iPhone and Voice Visual Messaging (Messagerie Vocale Visuelle), Orange brings you the very best multimedia experience on the iPhone.

From June 19, Orange will propose the iPhone 3G S from €199 for the 16 Gb version and from €229 for the 32 Gb version⁽¹⁾ for all new customers and existing Orange customers with 2,400 loyalty points (Change your Mobile programme). The iPhone 3.0 software update will be available to download from June 17 on iTunes for customers with a iPhone 3G or a iPhone 2G.

New offers for Orange customers

To accompany these new features, from June 19, Orange proposes:

- the new “Origami special iPhone edition” package from €52/month:

- a 2hr. + 2hr. voice package to all operators in the evening from 20:00 and at weekends
- unlimited 24/7**:
 - for SMS and MMS
 - Internet and e-mails
 - Voice Visual Messaging
 - unlimited connection at Orange Wi-Fi access hotspots
 - access to more than 60 channels on Orange TV

- an option at €5 per month to enjoy unlimited 24/7 SMS and MMS, reserved for customers who already have an iPhone offer**

Finally, the iPhone 3G S and the iPhone 3.0 software update offer a Modem function, which means you can use your iPhone to connect to and surf the Internet when out and about from a PC or Mac.

To enjoy the benefits of this new function, Orange customers should subscribe to one of the following Internet everywhere for iPhone options:

- **Internet everywhere 200 Mb for iPhone at €9.90/month** for occasional use customers
- **Internet everywhere unlimited for iPhone at €29.90/month***** for intensive use customers

Applications developed specifically for Orange iPhone customers

Since the launch of the iPhone in November 2007, Orange has developed different applications for its iPhone customers. These include Liveradio, Orange TV or, more recently, Roland-Garros, which have been downloaded by hundreds of thousands of customers and which, from their launch, have featured in the Top 5 of the most downloaded free applications in the App Store.

** The MMS and Modem functions are not compatible with the 2G iPhone*

*** In Metropolitan France*

**** Reasonable use of 1Gb/Mo, beyond which the connection speed is reduced*

⁽¹⁾ Maximum recommended price for all new 12-month subscriptions, particularly an "Origami for iPhone special edition" package or for Orange customers with 2,400 PCM points and subject to a 12-month re-subscription (according to the refund offer conditions).

About Orange

Orange is the key brand of France Telecom, one of the world's leading telecommunications operators. With 123 million customers, the Orange brand now covers Internet, television and mobile services in the majority of countries where the Group operates. At the end of 2008, France Telecom had consolidated sales of 53.5 billion euros (12.7 billion euros for the first quarter of 2009) and at 31 March 2009, the Group had a customer base of almost 184 million customers in 30 countries. These include 123 million mobile customers worldwide and 13 million broadband Internet (ADSL) customers in Europe. Orange is the number three mobile operator and the number one provider of broadband Internet services in Europe and, under the brand Orange Business Services, is one of the world leaders in providing telecommunication services to multinational companies.

The Group's strategy, which is characterized by a strong focus on innovation, convergence and effective cost management, aims to establish Orange as an integrated operator and benchmark for new telecommunications services in Europe. Today the Group remains focused on its core activities as a network operator, while working to develop its position in new growth activities. To meet customer expectations, the Group strives to provide products and services that are simple and user-friendly, while maintaining a sustainable and responsible business model that can be adapted to the requirements of a fast-paced and changing eco-system.

France Telecom (NYSE:FTE) is listed on Euronext Paris (compartment A) and on the New York Stock Exchange.
