| **Statut des Titres** : Les Titres constitueront des engagements directs, inconditionnels, non subordonnés et, (sous réserve du maintien de l'emprunt à son rang) non assortis de sûretés de l'Emetteur, et viendront au même rang (*pari passu*) entre eux et sous réserve des dispositions légales impératives au même rang que tous les autres engagements non assortis de sûretés et non subordonnés de l'Emetteur, en circulation à tout moment.

**Maintien de l'emprunt à son rang** : Aussi longtemps que des Titres resteront en circulation, l'Emetteur s'interdira de constituer ou laisser subsister sur tout ou partie de son patrimoine, ses actifs ou ses revenus, présents ou futurs, et ceux de ses Filiales Principales, une quelconque hypothèque, un gage, un nantissement, un privilège (autre que légal) ou toute autre forme de sûreté (la "Sûreté") visant à garantir une Dette Pertinente ou tout engagement de garantie d'une Dette Pertinente (telle que définie dans les Modalités des Titres), à moins que simultanément ou préalablement, ses obligations envers les porteurs de Titres ou de Coupons bénéficient d'une Sûreté équivalente et proportionnée, ou bénéficient de toute autre Sûreté ou arrangement ou compensation dans des termes et conditions substantiellement équivalents, dans chaque cas dans la mesure permise par les lois et règlements.

**Fiscalité** : Tous paiements en principal, intérêts ou autres revenus effectués par l'Emetteur ou en son nom se rapportant aux Titres ou Coupons devront être effectués nets de toute retenue à la source ou déduction au titre des impôts, taxes, droits, contributions ou charges gouvernementales de toute nature, imposés, prélevés, retenus ou collectés par la France ou toute autorité de ce pays ayant le pouvoir de prélever l'impôt, à moins que cette retenue à la source ou cette déduction ne soit requise par la loi. Sauf indication contraire dans les Conditions Définitives, dans l'hypothèse où une telle déduction serait opérée, l'Emetteur devra, sauf dans certaines circonstances limitées, majorer ses paiements afin de compenser les montants ainsi déduits.

**Cas de Défaut** : Les Titres seront dus et exigibles à leur montant principal augmenté des intérêts courus en cas de survenance d'un cas d'exigibilité anticipé relatif aux Titres. Les cas d'exigibilité anticipée relatifs aux Titres incluent, sous réserve de certaines conditions :

- défaut de paiement de la part de l'Emetteur du principal ou des intérêts dus au titre des Titres et, concernant tout intérêts dus, si le défaut se poursuit pour une durée déterminée;

- l’Emetteur ne parvient pas à exécuter ou à respecter l’une quelconque de ses autres obligations en vertu de ces modalités des Titres, si le défaut se poursuit pour une durée déterminée ;

- un défaut croisé au titre de tout autre endettement de l'Emetteur s'agissant de sommes empruntées pour un montant excédant 200.000.000 euros ou son équivalent ;

- tout événement d'insolvabilité ou de liquidation de l’Emetteur ou de certaines de ses filiales ;

- l’Emetteur ou l’une de ses Filiales Principales ("Principal Subsidiary") met fin à ses activités de télécommunications et cela a pour conséquence la diminution de la valeur des actifs de l’Emetteur ; et

### Section D – Risques

<table>
<thead>
<tr>
<th>D.2</th>
<th>Principaux risques liés à l'Emetteur</th>
</tr>
</thead>
</table>

**1 Risques opérationnels**

Le développement rapide des usages du haut débit (fixe ou mobile) donne aux acteurs mondiaux de la sphère Internet l’occasion d’établir un lien direct avec les clients des opérateurs de télécommunications, privant ces derniers - dont Orange - d’une partie de leurs revenus et de leurs marges. Si ce phénomène se poursuivait ou s’intensifiait, il affecterait gravement la situation financière et les perspectives des opérateurs.

Orange est exposé au risque de perte, de divulgation, de communication non autorisée à des tiers ou de modification inappropriée des données de ses clients. En outre, ses activités de fournisseur d’accès à Internet et d’hébergeur sont susceptibles d’engager sa responsabilité ou nuire à sa réputation.

Orange est exposé au risque d’interruption de ses réseaux et services à la suite de cyber-attaques, sabotages, pannes ou erreurs humaines portant sur des matériels ou logiciels critiques, du dysfonctionnement d’un équipement réseau, de la défaillance d’un fournisseur clé, ou de la saturation du réseau.

Les infrastructures techniques des opérateurs de télécommunications sont vulnérables aux dommages ou aux interruptions provoquées par des catastrophes naturelles, incendies, guerres, actes terroristes, dégradations intentionnelles, actes de malveillance ou autres événements similaires.
Section D – Risques

L’étendue des activités d’Orange et l’interconnexion des réseaux exposent le Groupe au risque de nombreuses fraudes, qui pourraient impacter son chiffre d’affaires et sa marge et nuire à son image.

Le Groupe a inclus dans son plan stratégique Essentiels 2020 le développement des activités de services financiers mobiles qui sont susceptibles de générer des risques nouveaux inhérents à l’activité bancaire ou d’accroître l’impact des risques actuels.

Les départs en retraite massifs qui vont intervenir en France d’ici 2020 comportent un risque de déficit de compétences qui pourrait affecter la capacité du Groupe à mener à bien ses projets et sa stratégie de développement.

Une grande partie du chiffre d’affaires d’Orange est réalisée dans des pays ou activités matures où la concurrence vive entre les opérateurs s’exerce sur les prix et sur la capacité des opérateurs à proposer aux clients des offres convergentes, et il peut en résulter une baisse de la rentabilité ou des parts de marché.

Dans le cadre de la consolidation du secteur des télécommunications en Europe, Orange a procédé ou est susceptible de procéder à des acquisitions significatives qui sont susceptibles d’entraîner des risques d’intégration.

Orange compte sur des relais de croissance dans les pays où il a investi. Les investissements déjà réalisés pourraient ne pas donner les résultats escomptés, voire s’avérer source d’obligations inattendues, et le Groupe pourrait être confronté à un accroissement du risque pays, y compris sous l’angle de la corruption. Les résultats du Groupe, ses perspectives et son image pourraient en être affectés.

L’exposition aux champs électromagnétiques des équipements de télécommunication suscite des préoccupations quant aux éventuels effets nocifs sur la santé. La perception de ce risque pourrait s’aggraver, ou un effet nocif pourrait un jour être établi scientifiquement, ce qui aurait des conséquences négatives significatives sur l’activité et les résultats des opérateurs tels qu’Orange.

Si une nouvelle crise financière mondiale intervient dans le futur, son impact sur l’économie pourrait se traduire par une diminution de la consommation et affecter ainsi de manière significative l’activité d’Orange et ses résultats.

Orange a connu en 2009 une crise sociale importante en France. Le Groupe a mis en œuvre depuis 2010 un programme ambitieux de ressources humaines visant à répondre à cette crise. Mais des facteurs internes ou externes au Groupe, tel que le contexte économique tendu, pourraient rendre plus difficile la bonne réalisation de ce programme, ce qui pourrait avoir un impact significatif sur l’image, le fonctionnement et les résultats du Groupe.

2 Risques juridiques

Orange opère dans des marchés fortement réglementés où il bénéficie d’une marge de manœuvre réduite pour gérer ses activités. Les activités et le résultat d’Orange pourraient être affectés de manière significative par des changements législatifs, réglementaires ou de politique gouvernementale.

Orange est continuellement impliqué dans des procédures judiciaires et des litiges avec des autorités de régulation, des concurrents ou d’autres parties. L’issue de ces procédures est généralement incertaine et pourrait avoir un impact significatif sur ses résultats ou sa situation financière.

La rentabilité de certains investissements et la stratégie d’Orange dans certains pays pourraient être affectées par des désaccords avec ses partenaires dans des sociétés dont elle n’a pas le contrôle.

La sphère publique détient 23 % du capital d’Orange, ce qui pourrait, en pratique, lui permettre de déterminer l’issue du vote des actionnaires aux Assemblées générales.
### Section D – Risques

#### 3 Risques financiers

**Risque de liquidité**

Les résultats et les perspectives d’Orange pourraient être affectés si les conditions d’accès aux marchés de capitaux devenaient difficiles.

**Risque de taux**

Les activités d’Orange pourraient être affectées par l’évolution des taux d’intérêt.

**Risque relatif à la notation**

Une revue à la baisse, une mise sous surveillance ou une révision de la perspective de la notation de la dette du Groupe par les agences de notation pourrait augmenter le coût de la dette et limiter dans certains cas l’accès de la Société au capital dont elle a besoin.

**Risque de dépréciation des actifs**

Orange a enregistré des écarts d’acquisition importants à la suite des acquisitions qu’il a réalisées. Des dépréciations de ces écarts d’acquisition ou d’autres actifs ont été et pourraient à nouveau être constatées en application des normes comptables dans les comptes d’Orange, y compris les comptes sociaux d’Orange SA, ce qui pourrait réduire la capacité de cette dernière à verser des dividendes. Par ailleurs, les résultats d’Orange et sa situation financière pourraient être affectés par la baisse des marchés d’actions en cas de cession de filiales.

**Risque de crédit et/ou de contrepartie sur opérations financières**

L’insolvabilité ou une détérioration de la situation financière d’une banque ou autre institution avec laquelle Orange a conclu un contrat financier pourrait avoir un impact négatif significatif sur la Société et sa situation financière.

**Risque de change**

Les résultats et la trésorerie d’Orange sont exposés aux variations des taux de change.

**Risque sur actions**

Des futures cessions par la sphère publique d’actions Orange pourraient affecter le cours de l’action Orange.

### D.3 Principaux risques liés aux Titres

L’achat ou la détention de Titres implique certains risques qui doivent être pris en compte préalablement à toute décision d'investissement. En dépit de leur caractère éventuel, ces risques peuvent entraîner une volatilité voire une baisse de la valeur du marché des Titres en deçà des attentes (financières ou autres) des investisseurs.

Il appartient à chaque investisseur potentiel de déterminer par lui-même et, le cas échéant, avec l'assistance de conseils professionnels, si l'achat de Titres correspond à sa situation personnelle, ses besoins financiers et ses objectifs, si cet achat est conforme à ses politiques et contraintes d'investissement, et s'il s'agit d'un investissement qui lui convient, malgré les risques réels et significatifs inhérents à tout achat ou détention de Titres.

Ces risques incluent notamment :

- le risque de modification des modalités des Titres par une décision de l'assemblée générale des Porteurs des Titres, les Porteurs non présents ou en désaccord pouvant se retrouver liés par le vote de la majorité ;
- les risques liés au marché secondaire des Titres ;
- les risques liés au manque d'information en ce qui concerne les Titres Indexés sur l'Inflation ;

Il existe aussi des facteurs de risques liés à la structure de ces Titres en particulier :

- [Titres comportant une option de remboursement anticipé à l'initiative de l'Emetteur : Toute possibilité d'un remboursement optionnel des Titres à la main de l’Emetteur est susceptible de limiter leur valeur de marché. Pendant chaque période durant laquelle l’Emetteur peut choisir de rembourser les Titres, la valeur de marché de ces Titres ne dépassera généralement pas leur prix de remboursement. Cela peut également être le cas avant toute période de remboursement.]
- [Titres à Taux Fixe : S’agissant des Titres portant intérêt à taux fixe, il ne peut être exclu que des changements subséquents sur le marché des taux d'intérêts puissent affecter de manière négative la valeur d'une Tranche de Titres.]
- [Titres à Taux Variable : La rémunération des Titres à Taux Variable est composée d'un taux de référence auquel s'ajoute ou se soustrait une marge. Généralement, la marge applicable n’est pas modifiée durant la vie du Titre, toutefois, le taux de référence sera ajusté de manière périodique tous les trois ou six mois, étant entendu que cet ajustement changera lui-même en fonction des conditions générales de marché. En conséquence, la valeur de marché des Titres à taux variable peut donc fluctuer si des changements affectant le taux de référence peuvent seulement être reflétés dans le taux de ces Titres à la prochaine période d’ajustement du taux de référence concerné.]
- [Titres Zéro Coupon : Les prix des Titres Zéro Coupon ont tendance à faire davantage l'objet de fluctuations en raison des changements généraux des taux d'intérêt que des titres classiques ayant des échéances comparables.]
- [Titres libellés en renminbi : Les Titres RMB ne sont pas convertibles librement ; il existe des restrictions significatives relatives au paiement des Titres RMB au sein et en dehors de la République Populaire de Chine. La liquidité des Titres en RMB pourrait en être affectée de manière...]

### Section D - Risks

**D.2 Key risks specific to the Issuer**

**1 Operational risks**

The rapid growth in broadband use (fixed or mobile) allows global players of the Internet sector the opportunity to establish a direct link with telecommunications operators’ customers, thus depriving the latter, including Orange, of a share of their revenues and margins. If this phenomenon continues or intensifies, it could seriously impair the financial position and outlook of the operators.

Orange may be held liable for the loss, release, unauthorized disclosure to third parties or inappropriate modification of customer data. Its liability may also be triggered or its reputation damaged by its Internet access and hosting services. Orange is exposed to the risk of an interruption of its networks and services following cyber attacks, sabotage, outages or human errors affecting critical hardware or software, malfunctioning of network equipment, failure of a key supplier or network saturation.

The technical infrastructure belonging to telecommunications operators are vulnerable to damage or interruptions caused by natural disasters, fires, wars, acts of terrorism, intentional damage, malicious acts, or other similar events.

The scope of Orange activities and the interconnection of the networks mean that the Group is highly exposed to the risk of fraud, which could reduce revenues and margins and damage its image.

Part of the Group’s Essentials 2020 strategic plan is the development of mobile financial services which are likely to generate new risks inherent to the banking business or increase the potential impact of current risks.

The massive number of employees retirements that will occur in France by 2020 creates the risk of a skills shortage which could affect the Group’s ability to carry out its projects and development strategy.

Much of Orange’s revenue is earned in mature countries or businesses where intense competition among operators to offer attractive prices and convergent offers could erode profitability or market share.

Against the background of consolidation in the European telecommunications sector, Orange has in the past and is likely in the future to make significant acquisitions that could raise integration risks.

Orange is relying on sources of growth in the countries where the Company has invested. Investments already made may fail to bring the expected returns, and may even generate unexpected commitments and the Group could be faced with increased country risk, including from corruption. The Group’s results, outlook and image could be impacted.

Exposure to electromagnetic fields from telecommunications equipment raises concerns for possible health adverse effects. Perceptions of this risk could worsen or a deleterious effect may one day be scientifically established, which would have negative consequences for the business and results of operators such as Orange.

If a new global financial crisis were to erupt in future, its impact on the economy could depress consumption and materially affect Orange’s business and results.

In 2009, Orange was faced with a major workforce crisis in France. Since 2010, the Group has implemented an ambitious human resources program to respond to this crisis. However, factors internal or external to the Group, such as the difficult economic context could hinder the successful implementation of this program and thus have a material impact on the Group’s image, operations, and results.

**2 Legal risks**

Orange operates in highly regulated markets, where its flexibility to manage its business is limited. Orange’s business activities and results could be materially affected by legislative, regulatory or government policy changes.

Orange is continually involved in legal proceedings and disputes with regulatory

authorities, competitors, or other parties. The outcome of such proceedings is generally uncertain and could have a material impact on its results or financial position.

The profitability of certain investments and Orange’s strategy in certain countries could be affected by disagreements with its partners in companies that it does not control.

23% of Orange’s capital is owned by the French public sector, which could, in practice, allow it to determine the outcome of votes at Shareholders’ Meetings.

### 3 Financial risks

#### Liquidity risk

Orange’s results and outlook could be affected if the terms of access to capital markets become difficult.

#### Interest rate risk

Orange’s business activities could be adversely affected by interest rate fluctuations.

#### Credit-rating risks

If Orange’s credit rating is downgraded or placed under surveillance, or its outlook is revised, by rating agencies, its borrowing costs could increase and in certain circumstances the Company’s access to the capital it needs could be limited.

#### Risk of asset impairment

Orange has booked substantial amounts of goodwill following its acquisitions. Under accounting standards, impairment losses have in the past and may again in the future be recorded against goodwill and other assets in Orange’s accounts, including those of Orange SA, which could reduce its ability to pay dividends. Orange’s results and financial position could also be affected by the downturn in equity markets in relation to disposal of its subsidiaries.

#### Credit risk and/or counterparty risk on financial transactions

The insolvency or deterioration in the financial position of a bank or other institution with which Orange has a financial agreement may have a material adverse effect on the Company and its financial position.

#### Foreign exchange risk

Orange’s results and cash position are exposed to exchange rate fluctuations.

#### Equity risk

Future public sector disposals of Orange shares could affect the share price.

- risks related to the proposed financial transactions tax;
- risks related to the market value of the Notes;
- the risk of a change in law; and
- risks related to French insolvency law.

There are also risk factors relating to the structure of a particular issue of Notes which may adversely affect the value of the relevant Notes and in particular with respect to: the Notes subject to optional redemption of the Issuer, Fixed Rate Notes, Floating Rate Notes, Inflation Linked Notes, Zero Coupon Notes and Notes denominated in RMB.

### Issue specific summary:

The acquisition or the holding of the Notes involves certain risks which should be assessed prior to any investment decision. While all of these risk factors are contingencies which may or may not occur, they may lead to a volatility and/or decrease in the market value of the Notes below the expectations (financial or otherwise) of the investors.

Each prospective investor in the Notes should determine, based on its own independent review and, if any, professional advice, that its acquisition of Notes is fully consistent with its personal situation, financial needs and objectives, complies and is fully consistent with all investment policies and restrictions applicable to it and is a suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

These risks include in particular:

There are also risks relating to the structure of this issue of Notes:

- [*Notes subject to optional redemption of the Issuer:* Any optional redemption feature where the Issuer is given the right to redeem the Notes early might negatively affect the market value of such Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.]
- [Fixed Rate Notes: Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.]
- [Floating Rate Notes: Floating rate Notes bear interest at a rate comprised of a reference rate and a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment every three months or six months which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.]
- [Inflation Linked Notes: The Inflation-Linked Notes will bear interest in amounts linked to the relevant performance of inflations indices as defined in the relevant Final Terms. Investors will not be able to calculate in advance their rate of return on Inflation Linked Notes.]

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. The risk factors may relate to the Issuer, the Group or any of its subsidiaries.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the main risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below are not the only risks the Issuer, the Group or any of its subsidiaries face. Additional risks and uncertainties not currently known to the Issuer or that are currently believed to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Notes prior to investing in Notes issued under the Programme.

The order in which the following risks factors are presented is not an indication of the likelihood of their occurrence.

2. Risk factors relating to the Notes

The following paragraphs describe the main risk factors that the Issuer believes are material to the Notes to be offered and/or listed and/or admitted to trading in order to assess the market risk associated with these Notes. Prospective investors should consult their own financial and legal advisers about risks associated with an investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

2.1 General risks relating to the Notes

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

(i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;

(ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

(iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;

(iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and

(v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.
**Independent review and advice**

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

**Modification, waivers and substitution**

The conditions of the Notes contain provisions for calling General Meetings of Noteholders to consider matters affecting their interests in general. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a manner contrary to the majority.

**No active secondary/trading market for the Notes**

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although in relation to Notes to be admitted to trading on Euronext Paris and/or any other Regulated Market in the European Economic Area and/or offered to the public in the European Economic Area, the Final Terms of the Notes will be filed with the Autorité des marchés financiers in France and/or with the competent authority of the Regulated Market of the European Economic Area where the Notes will be listed and/or admitted to trading, there is no assurance that such admission to trading or offer to the public will occur, that any particular Tranche of Notes will be so listed and/or admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

**Provision of information**

None of the Issuer, the Dealer(s) or any of their respective affiliates make any representation as to the Inflation Indices (as defined hereafter). Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Inflation Indices that is or may be material in the context of the Inflation Linked Notes. The issue of Inflation Linked Notes will not create any obligation on the part of any such persons to disclose to the Noteholders or any other party such information (whether or not confidential).
Potential conflicts of interest

All or some of the Dealers or their respective affiliates have and/or may in the future engage, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity of the Group. They have or may (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group or (iii) act as financial advisers to the Issuer or other companies of the Group. In the context of these transactions, certain of such Dealers have or may hold shares or other securities issued by entities of the Group. Where applicable, they have or will receive customary fees and commissions for these transactions.

Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes. Any such short positions could adversely affect future trading prices of Notes. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the calculation agent, if any, for a Tranche of Notes and the Noteholders, including with respect to certain discretionary determinations and judgements that such calculation agent may make pursuant to the Terms and Conditions that may influence the amount receivable upon redemption of the Notes.

Exchange rate and currency risk

Prospective investors of the Notes should be aware that an investment in the Notes may involve exchange rate risks. The reference assets or the Notes may be denominated in a currency other than the currency of the purchaser's home jurisdiction and/or the reference assets or the Notes may be denominated in a currency other than the currency in which a purchaser wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Notes.

Legality of purchase

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Credit ratings

The Issuer and Orange's debt have credit ratings which are subject to reviews from time to time by the independent credit rating agencies which assign such credit ratings.

In addition, one or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes.
A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time. Any such revision, suspension or withdrawal of any such credit rating could adversely affect the value of the Notes.

**Taxation**

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. Potential investors are also advised to ask for their own tax adviser's advice on their individual taxation when payments of interest and other revenues with respect to the Notes are made by a paying agent (within the meaning of Council Directive 2003/48/EC) established in Austria. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus.

**The proposed financial transactions tax (FTT)**

On 14 February 2013, the European Commission published a proposal (the "Commission’s Proposal") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "Participating Member States").

On December 8, 2015 Estonia indicated that it will no longer be a Participating Member State.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation. Additional EU Member States may decide to participate. If the proposed Directive is adopted and implemented in local legislation, Noteholders may be exposed to increased transaction costs with respect to financial transactions carried out with respect to the Notes.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

**Market value of the Notes**

The market value of the Notes may be affected by the creditworthiness of the Issuer and a number of additional factors, including the value of any inflation linked index, including, but not limited to, the volatility of such index, or market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, and factors affecting capital markets in general and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. The historical level of the inflation linked index should not be taken as an indication of such index's future performance during the term of any Note.
**Change in law**

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any change in the law or the official application or interpretation thereof, or the impact of any judicial decision, which would occur after the date of this Base Prospectus.

**French Insolvency Law**

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the "Assembly") in case of the opening in France of a safeguard procedure (procédure de sauvegarde), an accelerated safeguard (procédure de sauvegarde accélérée), an accelerated financial safeguard procedure (procédure de sauvegarde financière accélérée) or a judicial reorganisation procedure (procédure de redressement judiciaire) of the Issuer, in order to defend their common interests.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme and regardless of their governing law.

The Assembly deliberates on the draft safeguard plan (projet de plan de sauvegarde), draft accelerated safeguard plan (projet de plan de sauvegarde accélérée), draft accelerated financial safeguard plan (projet de plan de sauvegarde financière accélérée) or judicial reorganisation plan (projet de plan de redressement) applicable to the Issuer and may further agree to:

- increase the liabilities (charges) of holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares.

Decisions will be taken by a two-third majority of the debt securities held by the holders expressing a vote at the Assembly. No quorum is required on convocation of the Assembly.

Hence, the provisions relating to the representation of Noteholders described in this Base Prospectus will not be applicable in these circumstances.

2.2 **Risks related to the structure of a particular issue of Notes**

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, inter alia, the provisions for computation of periodic interest payments, if any, redemption and issue price.
**Notes subject to optional redemption by the Issuer**

**Redemption for tax reasons**

Unless in the case of any particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that, by reason of any change in French law or any change in the official application or interpretation of such law becoming effective after the Issue Date, the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for, or on account of, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by France, or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Terms and Conditions.

**Issuer’s call options**

In addition, the Issuer has the option to redeem all of the Notes:

- under a call option as provided in Condition 7.2.1 of the Terms and Conditions if, in the case of any particular Tranche of Notes, the relevant Final Terms so specify; or

- under a make-whole call option as provided in Condition 7.2.2 of the Terms and Conditions unless in the case of any particular Tranche of Notes the Final Terms specify otherwise; or

- under a pre-maturity call option as provided in Condition 7.2.3 of the Terms and Conditions if, in the case of any particular Tranche of Notes, the relevant Final Terms so specify.

**Redemption on a Repurchase Event**

In the event the Issuer redeems the Notes as provided in Condition 7 and as described above, if the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of redemption increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. An investor generally may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time. During any period when the Issuer may elect to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

**Exercise of the Call Option and the Make-Whole Redemption option by the Issuer in respect of certain Notes only may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised**

The Issuer has the option to partially exercise the Call Option and Make-Whole Redemption option with respect to a Series of Notes. Depending on the number of Notes of the same Series in respect of which any such option is not exercised, any trading market in respect of these Notes may become illiquid.

**Fixed rate Notes**

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Notes.

**Floating rate Notes**

Floating rate Notes bear interest at a rate comprised of a reference rate and a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate
Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

**Zero coupon Notes**

Changes in market interest rates have a substantially stronger impact on the prices of zero coupon notes than on the prices of ordinary notes because the discounted issue prices are substantially below par. If market interest rates increase, zero coupon notes can suffer higher price losses than other notes having the same maturity and credit rating. Due to their leverage effect, zero coupon notes are a type of investment associated with a particularly high price risk.

**Fixed to floating rate Notes**

Fixed to floating rate Notes bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes having the same reference rate. In addition, the new floating rate may be lower at any time than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

**Notes issued at a substantial discount or premium**

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

**Inflation Linked Notes**

Inflation Linked Notes are debt securities which do not provide for predetermined redemption amounts and/or interest payments but amounts due in respect of principal and/or interest will be dependent upon the performance of an inflation index, which will be either (i) the consumer price index (excluding tobacco) for all households in metropolitan France (the "CPI") as calculated and published monthly by the Institut National de la Statistique et des Etudes Economiques ("INSEE"), or (ii) the harmonized index of consumer prices (excluding tobacco), or the relevant successor index, measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat (the "HICP"), or (iii) the United States non-seasonally adjusted consumer price index for all urban consumers (the "US CPI") as reported monthly by the Bureau of Labor Statistics of the U.S. Department of Labor (the "BLS") and published by Bloomberg page "CPURNSA" or any successor source (each an "Inflation Index" and together, the "Inflation Indices"). If the value of the relevant index calculated at any time prior to the maturity date is lower than the value of the relevant index at the time of the issue of the Notes or at the time of purchase by the Noteholders, then the amount of interest payable by the Issuer and/or the principal of Inflation Linked Notes may vary. Noteholders may receive no interest. However, if the nominal amount to be repaid at maturity is below par, the Inflation Linked Notes will be redeemed at par.

Neither the current nor the historical levels of any of the Inflation Indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes.

Inflation Linked Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE, Eurostat or BLS, as the case may be, and the INSEE, Eurostat and BLS make no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the Inflation Indices and/or the figure at which such indices stand at any particular time. The Inflation Indices are determined, composed and calculated by the INSEE, Eurostat and BLS, as the case may be, without regard to the Issuer or the Notes. Neither the INSEE, Eurostat or BLS, as the case may be, is responsible for or has participated in the determination of the timing of, prices of, or quantities of the
Inflation Linked Notes to be issued or in determination or calculation of the interest payable under such Notes. Neither the INSEE, Eurostat nor BLS has any obligation or liability in connection with the administration, marketing or trading of the Notes. The INSEE, Eurostat or BLS, as the case may be, has no responsibility for any calculation agency adjustment made for the indices.

**Variable rate Notes with a multiplier or other leverage factor**

Notes with a multiplier or other leverage factor can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

**Renminbi-denominated Notes**

Notes denominated in RMB ("RMB Notes") may be issued under the Programme. RMB Notes contain particular risks for potential investors, including the following:

*Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into and outside the PRC*

Renminbi is not freely convertible at the present. Despite a movement towards liberalization of cross-border Renminbi remittance in current account activities and the permission for certain participating banks in Hong Kong, Singapore and Taiwan to engage in the settlement of current account trade transactions in Renminbi, there is no assurance that the PRC government will continue to liberalize control over the cross-border Renminbi remittance in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC.

Holders of Notes denominated in Renminbi may be required to provide certifications and other information (including Renminbi account information) in order to allow such holder to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong, Singapore and Taiwan.

*There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of RMB Notes and the Issuer's ability to source Renminbi outside the PRC to service such RMB Notes*

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside of the PRC is limited.

While the People's Bank of China has established Renminbi clearing and settlement mechanisms for participating banks in Hong Kong, Singapore and Taiwan through settlement agreements on the clearing of Renminbi business (the "Settlement Agreements") with Bank of China (Hong Kong) Limited in Hong Kong, Industrial and Commercial Bank of China, Singapore Branch in Singapore and Bank of China, Taipei Branch in Taiwan, the People's Bank of China has provided several restrictions over the business scope of offshore participating banks in respect of cross-border Renminbi settlement (e.g. related to direct transactions with PRC enterprises), which further limits the availability of Renminbi that participating banks can utilise for conversion services for their clients.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Agreements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of its RMB Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its RMB Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

*RMB Notes issued under the Programme may only be held through an account with Euroclear France or with an Account Holder which itself has an account with Euroclear France*
Noteholders may only hold RMB Notes if they have an account with Euroclear France or maintained with an Account Holder which itself has an account with Euroclear France (which includes Euroclear and Clearstream, Luxembourg).

Investment in RMB Notes is subject to exchange rate risks

The value of Renminbi against the Euro, the U.S. dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. All payments of interest and principal with respect to RMB Notes will be made in Renminbi. As a result, the value of these Renminbi payments in Euro or U.S. dollar terms may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the Euro, the U.S. dollar or other foreign currencies, the value of investment in Euro, U.S. dollar or other applicable foreign currency terms will decline.

Investment in RMB Notes is also subject to interest rate risks

The PRC government has gradually liberalised the regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. Notes denominated in RMB will generally carry a fixed interest rate. Consequently, the trading price of such Notes will vary with fluctuations in Renminbi interest rates. If a Noteholder tries to sell such Notes before their maturity, he may receive an offer that is less than his original investment.

Developments in other markets may adversely affect the market price of any RMB Notes

The market price of RMB Notes may be adversely affected by declines in the international financial markets and world economic conditions. The market for Chinese securities is, to varying degrees, influenced by economic and market conditions in other markets, especially those in Asia. Although economic conditions are different in each country, investors' reactions to developments in one country can affect the securities markets and the securities of issuers in other countries, including the PRC. Since the sub-prime mortgage crisis in 2008, the international financial markets have experienced significant volatility. Should similar developments occur in the international financial markets in the future, the market price of RMB Notes could be adversely affected.

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the PRC Enterprise Income Tax Law and the implementing regulations which took effect on 1 January 2008, any gain realised on the transfer of the Renminbi Notes by non-resident enterprise holders may be subject to enterprise income tax if such gain is regarded as income derived from sources within the PRC. However, there remains uncertainty as to whether the gain realised from the transfer of the Renminbi Notes would be treated as income derived from sources within the PRC and be subject to PRC tax. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law and its implementation rules. Therefore, if non-resident enterprise holders are required to pay PRC income tax on gains on the transfer of the Renminbi Notes (such enterprise income tax is currently levied at the rate of 10 per cent. of the gross proceeds, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-resident enterprise holders of the Renminbi Notes reside that reduces or exempts the relevant tax), the value of their investment in the Renminbi Notes may be materially and adversely affected.
RETAIL CASCADES

In the context of any offer of Notes that is not within an exemption from the requirement to publish a prospectus under the Prospectus Directive (a "Non-exempt Offer"), the Issuer accepts responsibility, in each Member State for which it has given its consent referred to herein, for the content of this Base Prospectus and the applicable Final Terms (together, the "Prospectus") in relation to any person (an "Investor") to whom an offer of any Notes is made by any financial intermediary to whom it has given its consent to use the Prospectus (an "Authorised Offeror"), where the offer is made during the period for which that consent is given and where the offer is made in the Member State for which that consent was given and is in compliance with all other conditions attached to the giving of the consent. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

If so specified in the Final Terms in respect of any Tranche of Notes, the Issuer consents to the use of the Prospectus in connection with a Non-exempt Offer of the relevant Notes during the offer period specified in the relevant Final Terms (the "Offer Period") either:

(1) in the Member State(s) specified in the relevant Final Terms by any financial intermediary which is authorised to make such offers under the Markets in Financial Instruments Directive (Directive 2004/39/EC, as amended) and which satisfies any conditions specified in the relevant Final Terms; or

(2) by the financial intermediaries, in the relevant Member State(s) and subject to the relevant conditions, in each case specified in the relevant Final Terms, for so long as they are authorised to make such offers under the Markets in Financial Instruments Directive (Directive 2004/39/EC, as amended).

The Issuer may give consent to additional financial intermediaries after the date of the relevant Final Terms and, if it does so, the Issuer will publish information in relation to such additional financial intermediaries on www.orange.com.

The consent referred to above relates to Offer Periods occurring within twelve (12) months from the date of approval of the Prospectus.

Any Authorised Offeror who wishes to use the Prospectus in connection with a Non-exempt Offer as set out in (1) above is required, for the duration of the relevant Offer Period, to publish on its website that it is using this Base Prospectus for such Non-exempt Offer in accordance with the consent of the Issuer and the conditions attached thereto.

To the extent specified in the relevant Final Terms, a Non-exempt Offer may be made during the relevant Offer Period by any of the Issuer, the Dealers or any relevant Authorised Offeror in any relevant Member State and subject to any relevant conditions, in each case all as specified in the relevant Final Terms.

As of the date of this Base Prospectus, any references to Member State(s) in the context of the Issuer consenting to the use of the Prospectus for a Non-exempt Offer shall be a reference to France only. In the event that the Issuer wishes to make a Non-exempt Offer in any other EEA Member State, a supplement to this Base Prospectus shall be prepared.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Non-exempt Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such Non-exempt Offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price, allocation and settlement arrangements (the "Terms and Conditions of the Non-exempt Offer"). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, this Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Non-exempt Offer shall be published by that
Authorised Offeror on its website at the relevant time. None of the Issuer, any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

In the case of any Tranche of Notes which are being (a) offered to the public in a Member State (other than pursuant to one or more of the exemptions set out in Article 3.2 of the Prospectus Directive) and/or (b) admitted to trading on a regulated market in a Member State, the relevant Final Terms shall not amend or replace any information in this Base Prospectus. Subject to this, to the extent permitted by applicable law and/or regulation, the Final Terms in respect of any Tranche of Notes may supplement any information in this Base Prospectus.
In accordance with article 11 of the Prospectus Directive, this Base Prospectus must be read in conjunction with:

which are identified in the cross reference table below. Such sections are incorporated in, and shall be deemed to form part of this Base Prospectus.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to the provisions of Article 212-25 of the Règlement général de l'AMF (AMF General Regulations) implementing Article 16 of the Prospectus Directive, following the occurrence of a significant new factor, a material mistake or inaccuracy relating to the information included or incorporated by reference in this Base Prospectus (including the "Terms and Conditions of the Notes") which is capable of affecting the assessment of any Notes, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus or a restated Base Prospectus, which, in respect of any subsequent issue of Notes to be admitted to trading on Euronext Paris or on a Regulated Market, shall constitute a supplement to the Base Prospectus for the purpose of the relevant provisions of the Règlement général de l'AMF (AMF General Regulations) and the Prospectus Directive.

in each case where:
"**Determination Period**" means the period from and including a Determination Date in any year to but excluding the next Determination Date, and

If "**30/360**" or "**360/360 (Bond Basis)**" is specified in the relevant Final Terms, the number of calendar days in the Calculation Period divided by 360 calculated on a formula basis as follows:

\[
\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}
\]

where:

"**Y_1**" is the year, expressed as a number, in which the first calendar day of the Calculation Period falls;

"**Y_2**" is the year, expressed as a number, in which the calendar day immediately following the last calendar day included in the Calculation Period falls;

"**M_1**" is the calendar month, expressed as a number, in which the first calendar day of the Calculation Period falls;

"**M_2**" is the calendar month, expressed as number, in which the calendar day immediately following the last calendar day included in the Calculation Period falls;

(e) if "**30E/360**" or "**Eurobond Basis**" is specified in the relevant Final Terms, the number of calendar days in the Calculation Period divided by 360 calculated on a formula basis as follows:

\[
\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}
\]

where:

"**Y_1**" is the year, expressed as a number, in which the first calendar day of the Calculation Period falls;

"**Y_2**" is the year, expressed as a number, in which the calendar day immediately following the last day included in the Calculation Period falls;

"**M_1**" is the calendar month, expressed as a number, in which the first calendar day of the Calculation Period falls;
"M2" is the calendar month, expressed as a number, in which the calendar day immediately following the last calendar day included in the Calculation Period falls;

Period shall be determined by the Calculation Agent as a rate equal to the relevant
ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if
any). For the purposes of this sub-paragraph (b), "ISDA Rate" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent for a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

(i) the Floating Rate Option is as specified in the relevant Final Terms;

(ii) the designated Maturity is a period specified in the relevant Final Terms; and

(iii) the relevant Reset Date is the first calendar day of that Interest Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (b), "Floating Rate", "Floating Rate Option", "designated Maturity", "Reset Date" and "Swap Transaction" have the meanings given to those terms in the ISDA Definitions.

(c) Screen Rate Determination for Floating Rate Notes:

(i) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

(A) the offered quotation; or

(B) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as specified in the relevant Final Terms.

(ii) if the Relevant Screen Page is not available or, if sub-paragraph (i)(A) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (i)(B) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case at the time specified above, subject as provided below, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

(iii) if paragraph (ii) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as
provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period).

(iv) where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being TEC 10, the Rate of Interest for each Interest Period will be, subject as provided below, the offered quotation (expressed as a percentage rate per annum) for the EUR-TEC10-CNO ¹, calculated by the Comité de Normalisation Obligataire ("CNO"), which appears on the Relevant Screen Page, being the caption "TEC10" on the Reuters Screen CNOTEC10 Page or any successor page, as at 10.00 a.m. Paris time on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

If, on any Interest Determination Date, such rate does not appear on Reuters Screen CNOTEC10 Page or any successor page in respect of EUR-TEC10-CNO, it shall be determined by the Calculation Agent on the basis of the mid-market prices for each of the two reference OAT (Obligation Assimilable du Trésor) which would have been used by the Comité de Normalisation Obligataire for the calculation of the relevant rate, quoted in each case by five Spécialistes en Valeurs du Trésor at approximately 10:00 a.m. Paris time on the Interest Determination Date in question.

¹ All potential users of the EUR-TEC10-CNO must first enter into a trademark licence agreement available from the CNO.
The Calculation Agent will request each Spécialiste en Valeurs du Trésor to provide a quotation of its price.

EUR-TEC10-CNO will be the redemption yield of the arithmetic mean of such prices as determined by the Calculation Agent after discarding the highest and lowest of such quotations. The above mentioned redemption yield shall be determined by the Calculation Agent in accordance with the formula that would have been used by the Comité de Normalisation Obligataire for the determination of the relevant rate.

For information purposes only, the EUR-TEC10-CNO, established in April 1996, is the percentage yield (rounded to the nearest second decimal point, 0.005 per cent. being rounded upwards) of a notional 10 year French Treasury Bond (Obligation Assimilable du Trésor, "OAT") corresponding to the linear interpolation between the yield to maturity of the two actual OATs (the "Reference OATs") whose periods to maturity are closest in duration to the notional 10 year OAT, one Reference OAT's duration being of less than 10 years and the other Reference OAT's duration being greater than 10 years.

(v) where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being CMS Rate, the Rate of Interest for each Interest Period will be, subject as provided below, be determined by the Calculation Agent by reference to the following formula:

\[
\text{CMS Rate} + \text{Margin}
\]

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately the Specified Time on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotations, the CMS Rate for such Interest Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations, as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

With:

**CMS Rate** shall mean the applicable swap rate for swap transactions in the Reference Currency with a maturity of the Designated Maturity, expressed as a percentage, which appears on the Relevant Screen Page as at the Specified Time on the Interest Determination Date in question, all as determined by the Calculation Agent.

**CMS Reference Banks** means (i) where the Reference Currency is Euro, the principal office of five leading swap dealers in the inter-bank market, (ii) where the Reference Currency is Sterling, the principal London office of five leading swap dealers in the London inter-bank market, (iii) where the Reference Currency is United States dollars, the principal New York City office of five leading swap dealers in the New York City inter-bank market,
or (iv) in the case of any other Reference Currency, the principal relevant Financial Centre office of five leading swap dealers in the relevant Financial Centre inter-bank market, in each case selected by the Calculation Agent.

**Relevant Swap Rate** means:

(a) where the Reference Currency is Euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions), with a designated maturity determined by the Calculation Agent by reference to standard market practice and/or the ISDA Definitions;

(b) where the Reference Currency is Sterling, the mid-market semi-annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the semi-annual fixed leg, calculated on an Actual/365 (Fixed) day count basis, of a fixed-for-floating Sterling interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/365 (Fixed) day count basis, is equivalent (A) if the Designated Maturity is greater than one year, to GBP-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of six months or (B) if the Designated Maturity is one year or less, to GBP-LIBOR-BBA with a designated maturity of three months;

(c) where the Reference Currency is United States dollars, the mid-market semi-annual swap rate determined on the basis of the mean of the bid and offered rates for the semi-annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating United States dollar interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, calculated on an Actual/360 day count basis, is equivalent to USD-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of three months; and

(d) where the Reference Currency is any other currency or if the relevant Final Terms specify otherwise, the mid-market swap rate as determined in accordance with the applicable Final Terms.

**Representative Amount** means an amount that is representative for a single transaction in the relevant market at the relevant time.

**Designated Maturity, Margin, Specified Time, Relevant Currency** and **Relevant Screen Page** shall have the meaning given to those terms in the applicable Final Terms.

6.2.4 **Rate of Interest for Inflation Linked Notes**:
(a) Consumer Price Index (CPI).

Where the consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published by the Institut National de la Statistique et des Etudes Economiques (the "INSEE") ("CPI") is specified as the Index in the relevant Final Terms, this Condition 6.2.4(a) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6.2.4(a) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the "CPI Linked Interest") will be determined by the Calculation Agent on the following basis:

(i) On the fifth Business Day before each Interest Payment Date (an "Interest Determination Date") the Calculation Agent will calculate the Inflation Index Ratio. For the purpose of this Condition 6.2.4(a), the "Inflation Index Ratio" or "IIR" is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms the "Base Reference"). Notwithstanding Condition 6.5.3, the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"CPI Daily Inflation Reference Index" means (A) in relation to the first calendar day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a calendar day (D) (other than the first calendar day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M – 3) and the second month preceding such month (M – 2) calculated in accordance with the following formula:

$$\text{CPI Daily Inflation Reference Index} = \left( \frac{\text{CPI Monthly Reference Index}_{M-3}}{\text{ND}_M} \right) \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

"NDM": number of calendar days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

"D": actual calendar day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

"CPI Monthly Reference Index M-2": price index of month M – 2;

"CPI Monthly Reference Index M-3": price index of month M – 3.

Notwithstanding Condition 6.5.3, the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the Agence Française du Trésor Reuters page OATINFLATION01 or on Bloomberg TRESOR <GO> pages and on the website www.aft.gouv.fr. In case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the
procedures selected by the French Treasury (Trésor) for its obligations assimilables du Trésor indexées sur l'inflation.

"CPI Monthly Reference Index" refers to the definitive consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

(ii) The calculation method described below is based on the recommendation issued by the French Bond Association (Comité de Normalisation Obligataire – www.cnofrance.org) in its December 2010 Paper entitled "Inflation Indexed Notes" (Obligations et autres instruments de taux d'intérêt en euro, Normes et usages des marchés de capitaux – Chapitre II: Les obligations indexées sur l'inflation). In the event of any conflict between the calculation method provided below and the calculation method provided by the Bond Association (Comité de Normalisation Obligataire), the calculation method provided by the Bond Association (Comité de Normalisation Obligataire) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio.

(iii)

(A) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the "Substitute CPI Monthly Reference Index") shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional CPI Monthly Reference Index (indice provisoire) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading "indice de substitution". Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the calendar day following its release to all calculations taking place from this date.

(y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

\[
\text{Substitute CPI Monthly Reference Index}_M = \frac{\text{CPI Monthly Reference Index}_{M-1} \times \text{CPI Monthly Reference Index}_{M-12}^\frac{12}{M-13}}{	ext{CPI Monthly Reference Index}_{M-13}}
\]

(B) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation
Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}_{\text{December}, \text{new basis}}}{\text{CPI Monthly Reference Index}_{\text{December}, \text{previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{Date D, New Basis}} = \text{CPI Monthly Reference Index}_{\text{Date D, Previous Basis}} \times \text{Key}$$

(b) Harmonised Index of Consumer Prices (HICP)

(I) OPTION 1

Where the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat (the "HICP - OPTION 1") is specified as the Index in the relevant Final Terms, this Condition 6.2.4(b)(I) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6.2.4(b)(I) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the "HICP Linked Interest") will be determined by the Calculation Agent on the following basis:

(i) On the fifth Business Day before each Interest Payment Date (an "Interest Determination Date") the Calculation Agent will calculate the Inflation Index Ratio

For the purpose of this Condition 6.2.4(b)(I), the "Inflation Index Ratio" or "IIR" is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "Base Reference"). Notwithstanding Condition 6.5.3, the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"HICP Daily Inflation Reference Index" means (A) in relation to the first calendar day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a calendar day (D) (other than the first calendar day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

$$\text{HICP Daily Inflation Reference Index} = \frac{\text{HICP Monthly Reference Index}_{M - 3} + \frac{D - 1}{\text{ND}_M} \times (\text{HICP Monthly Reference Index}_{M - 2} - \text{HICP Monthly Reference Index}_{M - 3})}{\text{ND}_M}$$

With:

"NDM": number of calendar days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

"D": actual calendar day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;
"HICP Monthly Reference Index M-2": price index of month M – 2;

"HICP Monthly Reference Index M-3": price index of month M – 3.

Notwithstanding Condition 6.5.3, the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the Agence France Trésor Reuters page OATEI01, on the website www.aft.gouv.fr. and on Bloomberg page TRESOR.

"HICP Monthly Reference Index" refers to the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein.

(ii) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

(iii)

(A) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the "Substitute HICP Monthly Reference Index") shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the calendar day following its release to all calculations taking place from this date.

(y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

\[
\text{Substitute HICP Monthly Reference Index}_M = HICP \text{ Monthly Reference Index}_{M-1} \times \frac{1}{12} \times \frac{1}{13} HICP \text{ Monthly Reference Index}_{M-1} \]

(B) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:
Key = \frac{\text{HICP Monthly Reference Index pertaining to December calculated on the new basis}}{\text{HICP Monthly Reference Index pertaining to December calculated on the previous basis}}

Such that:

\text{HICP Monthly Reference Index}_{\text{Date D, New Basis}} = \text{HICP Monthly Reference Index}_{\text{Date D, Previous Basis}} \times \text{Key}

(II) OPTION 2

Where the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat (the "HICP - OPTION 2") is specified as the Index in the relevant Final Terms, this Condition 6.2.4(b)(II) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6.2.4(b)(II) shall apply.

(i) Calculation of Rate of Interest

The Rate of Interest applicable in respect of each Interest Period will be a rate, expressed as a percentage (rounded, if applicable, to the nearest fifth decimal place, 0.000005 being rounded upwards) determined by the Calculation Agent on the relevant Interest Determination Date in accordance with the following formula:

\[ 3.00\% \times \text{Inflation Index Ratio} \]

where,

"Base Daily Inflation Reference" means the Daily Inflation Reference as determined by the Calculation Agent in respect of 04 June 2008 (being 108.524);

"Business Day" means a day on which the TARGET 2 System is operating;

"Daily Inflation Reference" means, in respect of any date, the value of the Index for such date as determined by the Calculation Agent on the relevant Index Determination Date in accordance with the provisions for the calculation of the Daily Inflation Reference as set out in paragraph 3 below and appearing on Reuters page "OATEI01" or on Bloomberg page "TRES3" or such replacement page as selected by the Calculation Agent;

"Eurostat" means the statistical office of the European Communities in Luxembourg;

"Index" means, subject to the provisions of paragraph 4 below, the Harmonised Index of Consumer Prices (HICP) excluding tobacco, for the Euro zone as calculated by Eurostat;

"Index Determination Date" means, in respect of any date for which the Daily Inflation Reference is required to be determined, the fifth Business Day prior to such date;

"Inflation Index Ratio" means the ratio between (i) the Daily Inflation Reference in respect of the relevant Interest Payment Date, Maturity Date or Early Redemption Date, as the case may be, and (ii) the Base Daily Inflation Reference. The Inflation Index Ratio will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards;
"Interest Determination Date" means the fifth Business Day prior to the relevant Interest Payment Date.

For the avoidance of doubt, interest on overdue amounts in respect of the Notes (after the Maturity Date or, as the case may be, the relevant Early Redemption Date) shall accrue at a rate per annum equal to a rate per annum calculated by the Calculation Agent on the basis, *mutatis mutandis*, of the provisions of this paragraph 2 and Condition 4(e) except that, for such purposes, the relevant Interest Determination Date shall be deemed to be the fifth Business Day prior to the Relevant Date.

(ii) Calculation of Daily Inflation Reference

The Daily Inflation Reference ("Id") for day d of month m is the linear interpolation of the Index in respect of months m-3 and m-2, expressed relatively to the same basis of 100 (or such other revised basis as may be adopted from time to time by Eurostat).

Hence:

\[ I_d = HICP_{m-2} + \frac{\text{nbd}}{q_m} \times (HICP_{m-2} - HICP_{m-3}) \]

where:

\( HICP_{m-2} \): Consumer Price Index for month m-2
\( HICP_{m-3} \): Consumer Price Index for month m-3
\( \text{nbd} \): Actual number of days between date d (included) and the first day of month m (excluded);

and

\( q_m \): Actual number of days in month m.

(iii) Fall-back provisions

*Change in the Sponsor of the Index*

If the Index is not calculated and/or disseminated by Eurostat, but is calculated and/or disseminated by another relevant authority approved by the European Union (the "New Sponsor"), then the Index as so calculated and/or disseminated by the New Sponsor shall be used for the purpose of calculating (i) the relevant Rate of Interest and/or (ii) the Final Redemption Amount or, as the case may be, the Early Redemption Amount, in respect of the Notes.

*Successor Index*

If the Index is replaced by a successor index using the same or a substantially similar formula and method of calculation as used in the calculation of the Index and such successor index is reasonably acceptable to the Calculation Agent, the relevant Index for the purpose of calculating (i) the applicable Rate of Interest and/or (ii) the Final Redemption Amount or, as the case may be, the Early Redemption Amount, in respect of the Notes, shall be the successor index (the "Successor Index").
**Substitute Index**

If the Index is not published for a given month, for any reason, or ceases to be published, for any reason, the Calculation Agent shall, for any month where the Index is not published, either find a Successor Index or determine, in consultation with the Issuer, a substitute index (the "Substitute Index"), such substitute index comprising as far as practicable the same components as the Index, which shall be adopted for the Notes.

**Changes in calculation method or basis of the Index**

In the event that Eurostat or, as the case may be, any New Sponsor changes the base of the Index at any time while any of the Notes are still outstanding, then for the purpose of calculating (i) the relevant Rate of Interest and/or (ii) the Final Redemption Amount, or, as the case may be, the Early Redemption Amount, in respect of the Notes, the value of the Index following such change in base shall be determined in accordance with the methodology published by Eurostat or, as the case may be, the relevant New Sponsor following such change. In the event that no such methodology is published, then the Calculation Agent shall make such calculation as it, in its reasonable discretion, deems appropriate to determine the relevant Index.

(c) United States Consumer Price Index (US CPI).

Where the United States Consumer Price Index ("US CPI") is specified as the Index in the relevant Final Terms, this Condition 6.2.4(c) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6.2.4(c) shall apply.

The US CPI is the non-seasonally adjusted U.S. City Average All Items Consumer Price Index for All Urban Consumers, reported monthly by the Bureau of Labor Statistics of the U.S. Labor Department (the "BLS") and published on Bloomberg page "CPURNSA" or any successor source. The US CPI for a particular month is published during the following month.

The US CPI is a measure of the average change in consumer prices over time for a fixed market basket of goods and services, including food, clothing, shelter, fuels, transportation, charges for doctors' and dentists' services and drugs. In calculating the index, price changes for the various items are averaged together with weights that represent their importance in the spending of urban households in the United States. The contents of the market basket of goods and services and the weights assigned to the various items are updated periodically by the BLS to take into account changes in consumer expenditure patterns. The US CPI is expressed in relative terms in relation to a time base reference period for which the level is set at 100.0. The base reference period for Notes paying interest based on the US CPI is the 1982-1984 average.

The Rate of Interest in respect of Inflation Linked Notes indexed to the US CPI (the "US CPI Linked Interest") will be determined by the Calculation Agent on the following basis.

The relevant Notes will pay a rate per annum linked to the Change in the US CPI plus, if applicable, an additional amount of interest (referred to as the "spread") or multiplied by a number (referred to as the "multiplier"), as either may be specified in the relevant Final Terms; provided that, unless otherwise specified in the relevant Final Terms, the applicable Rate of Interest for Notes paying interest based on the US CPI will also be subject to a Minimum Rate of Interest equal to 0.00% per annum.
Unless otherwise specified in the relevant Final Terms, the "Change in the US CPI" for a particular interval will be calculated as follows:

\[
\frac{\text{CPI}(t) - \text{CPI}(t-x)}{\text{CPI}(t-x)}
\]

where:

"\text{CPI}(t)" for any Determination Date is the level of the US CPI for a calendar month (the "reference month" which shall be specified in the relevant Final Terms) prior to the calendar month in which the applicable Determination Date falls; and

"\text{CPI}(t-x)" for any Determination Date is the level of the US CPI for a calendar month prior to the applicable reference month, as specified in the relevant Final Terms.

If by 3:00 p.m. New York City time on any Determination Date the US CPI is not published on Bloomberg "CPURNSA" for any relevant month, but has otherwise been reported by the BLS, then the Calculation Agent will determine the US CPI as reported by the BLS for such month using such other source as, on its face, after consultation with the Issuer, appears to accurately set forth the US CPI as reported by the BLS.

In calculating CPI(t) and CPI(t-x), the Calculation Agent will use the most recently available value of the US CPI determined as described above on the applicable Determination Date, even if such value has been adjusted from a previously reported value for the relevant month. However, if a value of CPI(t) or CPI(t-x) used by the Calculation Agent on any Determination Date to determine the interest rate on a Series of Notes is subsequently revised by the BLS, the interest rate for such Series of Notes determined on such Determination Date will not be revised.

If the US CPI is rebased to a different year or period and the 1982-1984 US CPI is no longer used, the base reference period for Notes paying interest based on the US CPI will continue to be the 1982-1984 reference period as long as the 1982-1984 US CPI continues to be published by the BLS.

If, while any Series of Notes paying interest based on the US CPI is outstanding, the US CPI is discontinued or is substantially altered, as determined in the sole discretion of the Calculation Agent, acting in good faith and in a commercially reasonable manner, the successor index for such Series of Notes will be that index chosen by the Secretary of the Treasury to replace the US CPI for the purpose of calculating payments on the Department of the Treasury's Inflation-Linked Treasuries as described at 62 Federal Register 846-874 (6 January 1997) or, if no such securities are outstanding, the successor index will be determined by the Calculation Agent acting in good faith and in a commercially reasonable manner.

In addition, for the purposes of Notes paying interest based on the US CPI, unless otherwise specified in the relevant Final Terms:

"\text{Determination Date}" shall mean two business days in New York immediately prior to the beginning of the applicable Interest Period, or as specified in the relevant Final Terms (but not more than 28 calendar days prior to the beginning of the applicable Interest Period).

"\text{Interest Period}" shall mean, in respect of any Series of Notes paying interest based on the US CPI, the period beginning on and including the Issue Date of such Series of Notes and ending on but excluding the first Interest Payment Date, and each successive period beginning on and including a Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date.
Unless otherwise provided in the relevant Final Terms, the Minimum Rate of Interest with respect to Floating Rate Notes and Index Linked Notes shall be deemed to be zero.

6.3 **Zero Coupon Notes**: Zero Coupon Notes bear no interest until the Maturity Date. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 7.5.1(b)).

6.4 **Accrual of interest**: Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 6 to the Relevant Date.

6.5 **Margin, maximum/minimum rates of interest, rate multipliers and rounding**:

6.5.1 If any Margin or Rate Multiplier is specified in the relevant Final Terms, either (x) generally, or (y) in relation to one or more Interest Periods, an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Periods, in the case of (y), calculated in accordance with Condition 6.2 above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.

6.5.2 If any Maximum or Minimum Rate of Interest is specified in the relevant Final Terms, then any Rate of Interest shall be subject to such maximum or minimum, as the case may be.

6.5.3 For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit or sub-unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen.

6.6 **Calculations**: The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction and by any Rate Multiplier, unless an Interest Amount is specified in the relevant Final Terms in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount.

6.7 **Determination and publication of interest and payment amounts**: The Calculation Agent shall, as soon as practicable, calculate any rate of interest or amount (including any Interest Amount, Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or Make-Whole Redemption Amount, as the case may be), obtain any quotation or make any other determination or calculation that it is required to make pursuant to these Conditions and the relevant Final Terms, and it shall cause such rate, amount, quotation, determination or calculation (as well as any relevant Interest Payment Date) to be notified to the Issuer, the Fiscal Agent, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed and/or admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date is subject to adjustment pursuant to Condition 6.2.2, the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.
6.8 **Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or financial institution engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are listed and/or admitted to trading on any Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.

6.9 **RMB Notes:**

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate per annum equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, multiplying such product by the actual number of calendar days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest Renminbi sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

7. **Redemption, purchase and options**

7.1 **Final redemption:** Unless previously redeemed or cancelled as provided below or its maturity is extended pursuant to any option provided by the relevant Final Terms including any Issuer's option in accordance with Condition 7.2 or any Noteholders' option in accordance with Condition 7.3, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).
7.2 Redemption at the option of the Issuer, exercise of Issuer's options and partial redemption:

7.2.1 Call Option:

If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem, or exercise any Issuer's option (as may be described) in relation to all or, if so provided, some of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount (as specified in the relevant Final Terms), together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.2.2 Make-whole redemption:

Unless otherwise specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date. Any such redemption of Notes shall be at their Make Whole Redemption Amount.

7.2.3 Pre-Maturity Call Option by the Issuer:

If a Pre-Maturity Call Option by the Issuer is specified in the relevant Final Terms, the Issuer may, at its option but subject to having given not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), redeem all, but not some only, of the remaining Notes in that Series at par together with interest accrued to, but excluding, the date fixed for redemption, at any time during the period starting on (and including) the "Initial Pre-Maturity Call Option Date" (as specified in the relevant Final Terms) and ending on (but excluding) the Maturity Date.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

7.2.4 Exercise of Issuer's options and partial redemption:

Any redemption or exercise pursuant to paragraphs 7.2.1 and 7.2.2 above shall relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and requirements of the Regulated Market on which the Notes are listed and/or admitted to trading, as the case may be.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes, the redemption will be effected by reducing the nominal amount of all such Dematerialised Notes in proportion to the aggregate nominal amount redeemed.
So long as the Notes are listed and/or admitted to trading on a Regulated Market, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, give notice to the Noteholders in accordance with Condition 15 of the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, of a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

7.3 **Redemption at the option of Noteholders and exercise of Noteholders' options:** If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than thirty (30) nor more than sixty (60) calendar days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem the relevant Note(s) on the Optional Redemption Date(s) at their Optional Redemption Amount (as specified in the relevant Final Terms), together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

To exercise such option (which must be exercised on an Option Exercise Date) the Noteholder shall deposit with a Paying Agent at its specified office a duly completed option exercise notice (the "Exercise Notice") in the form obtained from any Paying Agent, within the notice period. In the case of Materialised Bearer Notes, the Exercise Notice shall have attached to it the relevant Notes (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agents as specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

All Notes in respect of which any such notice is given shall be redeemed, or the Noteholder's option shall be exercised, on the date specified in such notice in accordance with this Condition.

7.4 **Redemption of Inflation Linked Notes:**

(a) If so specified in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes (but excluding those which are designated "HICP - OPTION 2" in the relevant Final Terms) will be determined by the Calculation Agent on the following basis:

\[
\text{Final Redemption Amount} = \text{IIR} \times \text{nominal amount of the Notes}
\]

"IIR" being for the purposes of this Condition 7.4 the ratio determined on the fifth Business Day before the Maturity Date between either (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index on the Maturity Date and the Base Reference on the date specified in the Final Terms, (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index, on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms or (iii) if the US CPI is specified as an Index applicable in the Final Terms, the Change in CPI, but where for these purposes, unless otherwise specified in the relevant Final Terms, the reference to CPI Determination Date in CPI(t) shall be interpreted as the date falling two Business Days prior to the Maturity Date, at the reference to CPI Determination Date in CPI(t-x) shall be interpreted to be the date falling two Business Days prior to the Issue Date.

If the Final Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

(b) If so specified in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes (and which are designated "HICP - OPTION 2" in the relevant Final Terms) will be determined by the Calculation Agent on the following basis.

The Final Redemption Amount payable in respect of each Specified Denomination on the Maturity Date will be an amount equal to the greater of (i) the nominal amount of each Specified Denomination and (ii) an amount in euro (rounded, if applicable, to the nearest
fifth decimal place, 0.000005 being rounded upwards) determined by the Calculation
Agent in accordance with the following formula:

\[
\text{Specified Denomination} \times \text{Redemption Date Inflation Index Ratio}
\]

where,

"Redemption Date Inflation Index Ratio" means the Inflation Index Ratio (as defined in
Condition 6.2.4(b)(II)) as determined in respect of the Maturity Date.

7.5 Early redemption:

7.5.1 Zero Coupon Notes:

(a) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon
redemption of such Note pursuant to Condition 7.6 or Condition 7.9 or upon it
becoming due and payable as provided in Condition 10 shall be the Amortised
Nominal Amount (calculated as provided below) of such Note.

(b) Subject to the provisions of sub-paragraph (c) below, the Amortised Nominal
Amount of any such Note shall be the scheduled Final Redemption Amount of such
Note on the Maturity Date discounted at the Amortisation Yield (which, if none is
specified in the relevant Final Terms, shall be such rate as would produce an
Amortised Nominal Amount equal to the issue price of the Notes if they were
discounted back to their issue price on the Issue Date) compounded annually.

(c) If the Early Redemption Amount payable in respect of any such Note upon its
redemption pursuant to Condition 7.6 or Condition 7.9 or upon it becoming due and
payable as provided in Condition 10 is not paid when due, the Early Redemption
Amount due and payable in respect of such Note shall be the Amortised Nominal
Amount of such Note as defined in sub-paragraph (b) above, except that such sub-
paragraph shall have effect as though the date on which the Amortised Nominal
Amount becomes due and payable were the Relevant Date. The calculation of the
Amortised Nominal Amount in accordance with this sub-paragraph shall continue to
be made (as well after as before judgement) until the Relevant Date, unless the
Relevant Date falls on or after the Maturity Date, in which case the amount due and
payable shall be the scheduled Final Redemption Amount of such Note on the
Maturity Date together with any interest that may accrue in accordance with
Condition 6.3

Where such calculation is to be made for a period of less than one (1) year, it shall be
made on the basis of the Day Count Fraction specified in the relevant Final Terms.

7.5.2 Inflation Linked Notes:

(a) If the relevant Final Terms provide that this Condition 7.5.2 shall apply in respect of
Inflation Linked Notes (but excluding those which are designated "HICP - OPTION
2" in the relevant Final Terms), the Early Redemption Amount in respect of such
Notes will be determined by the Calculation Agent on the following basis:

\[
\text{Early Redemption Amount} = \text{IIR} \times \text{nominal amount of the Notes}
\]

"IIR" being for the purposes of this Condition the ratio determined on the fifth
Business Day before the date set for redemption between either (i) if the CPI is
specified as the Index applicable in the Final Terms, the CPI Daily Inflation
Reference Index on the date set for redemption and the Base Reference specified in
the relevant Final Terms, (ii) if the HICP is specified as the Index applicable in the
Final Terms, the HICP Daily Inflation Reference Index on the date set for redemption
and the Base Reference specified in the relevant Final Terms or (iii) if the US CPI is
specified as an Index applicable in the Final Terms, the Change in CPI, but where for
these purposes, unless otherwise specified in the relevant Final Terms, the reference to CPI Determination Date in CPI(t) shall be interpreted as the date falling two Business Days prior to the Maturity Date, at the reference to CPI Determination Date in CPI(t-x) shall be interpreted to be the date falling two Business Days prior to the Issue Date.

If the Early Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

(b) in the case of Inflation Linked Notes "HICP - OPTION 2" in the relevant Final Terms, if the relevant Final Terms provides that this Condition 7.5.2 shall apply, the Early Redemption Amount in respect of such Inflation Linked Notes will be determined by the Calculation Agent on the following basis.

The Early Redemption Amount payable in respect of each Specified Denomination on the Maturity Date will be an amount equal to the greater of (i) the nominal amount of each Specified Denomination and (ii) an amount in euro (rounded, if applicable, to the nearest fifth decimal place, 0.000005 being rounded upwards) determined by the Calculation Agent in accordance with the following formula:

\[
\text{Specified Denomination} \times \text{Redemption Date Inflation Index Ratio}
\]

where,

"Redemption Date Inflation Index Ratio" means the Inflation Index Ratio (as defined in Condition 6.2.4(b)(II) as determined in respect of the Early Redemption Date.

(c) If the Inflation Linked Notes (whether or not this Condition 7.5.2 applies) fall to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate per annum on the basis of the provisions of Condition 6.2.4 above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the relevant Early Redemption Date.

7.5.3 Other Notes:

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) and (ii) above), upon redemption of such Note pursuant to Condition 7.6 or Condition 7.9, or upon it becoming due and payable as provided in Condition 10 shall be the Final Redemption Amount together with interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.6 Redemption for taxation reasons:

7.6.1 If, (a) by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes or Coupons, not be able to make such payment without having to pay additional amounts as specified under Condition 9 below or (b) the Issuer has suffered or will suffer a significant non-deductibility of interest or other revenues because any Noteholder is located or payments are made in a non-cooperative State or territory (Etat ou territoire non-coopéré) within the meaning of Article 238-0 of the French General Tax Code (Code general des impôts), provided in the latter case that (y) the Issuer is required to and has effectively proven that the principal purpose and effect of the issue of Notes were not that of allowing the payments of interest or other revenues to be made in a non-cooperative State or territory (Etat ou territoire non-coopéré) and (z) the interest or other
assimilated revenues on the relevant Notes relate to genuine transactions and are not in an abnormal or exaggerated amount, and such obligation cannot be avoided by the Issuer taking reasonable measures available to it, the Issuer may, at its option but subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest), provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and/or interest without withholding for such French taxes.

7.6.2 If the Issuer would, on the next payment of principal or interest in respect of the Notes or Coupons, be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 9 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) on the latest practicable date on which the Issuer could make payment of principal and/or interest without withholding for French taxes or, if such date is past, as soon as practicable thereafter.

7.7 Purchases:

7.7.1 The Issuer or any of its subsidiaries shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price, in accordance with applicable laws and regulations. Any Notes so purchased by the Issuer may be held and resold in accordance with Article L.213-1 A of the Code for the purpose of enhancing the liquidity of the Notes, or cancelled in accordance with Condition 7.8.

7.7.2 Unless otherwise specified in the relevant Final Terms, in the event that at least 80% of the initial aggregate principal amount of the Notes has been purchased or redeemed by the Issuer (a "Repurchase Event"), the Issuer may, at its option but subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem all, but not some only, of the outstanding Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.8 Cancellation: All Notes redeemed or purchased for cancellation by or on behalf of the Issuer will be cancelled (i) in the case of Dematerialised Notes, together with all rights relating to payment of interest and other amounts relating to such Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France, or (ii) in the case of Materialised Bearer Notes, together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent. Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

7.9 Illegality: If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) on the latest practicable date before which it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes or, if such date is past, as soon as practicable thereafter.
8. Payments and Talons

8.1 Dematerialised Notes: Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Dematerialised Notes shall be made (i) in the case of Dematerialised Bearer Notes or Dematerialised Administered Registered Notes, by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders or (ii) in the case of Dematerialised Fully Registered Notes, to an account denominated in the relevant currency with a bank designated by the Noteholders. All payments validly made to such Account Holders will constitute an effective discharge of the Issuer in respect of such payments.

8.2 Materialised Bearer Notes: Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 8.6.5 or Coupons (in the case of interest, save as specified in Condition 8.6.5, as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with a bank in the Principal Financial Centre for such currency or, in the case of Euro, in a city where banks have access to the TARGET 2 System.

8.3 Payments in the United States: Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

8.4 Payments subject to fiscal laws: All payments in respect of principal and interest on the Notes are subject in all cases to any fiscal or other laws, regulations, directives or orders of courts of competent jurisdiction applicable in respect of such payments to the Issuer, the relevant Paying Agent, the relevant Account Holder or, as the case may be, the person shown in the records of Euroclear France, Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes but without prejudice to the provisions of Condition 9.

8.5 Appointment of agents: The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed under the Agency Agreement and their respective specified offices are listed at the end of the Base Prospectus. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Registration Agent and the Consolidation Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent expert(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Registration Agent and the Consolidation Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) in the case of Dematerialised Fully Registered Notes, a Registration Agent, (v) Paying Agents having specified offices in at least one major European city (which shall be Paris so long as the Notes are admitted to trading on Euronext Paris), (vi) a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to the Savings Directive and Council Directive 2015/2060/EU and (vii) such other agents as may be required by any other Regulated Market on which the Notes are listed and/or admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph 8.3 above.

On a redenomination of the Notes of any Series pursuant to Condition 2.4 with a view to consolidating
such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

8.6 **Unmatured Coupons and unexchanged Talons:**

8.6.1 Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten (10) years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 11).

8.6.2 If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Notes, unmatured Coupons relating to such Notes (whether or not attached) shall become void and no payment shall be made in respect of them.

8.6.3 Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

8.6.4 Where any Materialised Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any such Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

8.6.5 If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be (including, for the avoidance of doubt, any arrears of interest if applicable), shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Note.

8.7 **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 11), provided that, in respect of Notes admitted to trading on Euronext Paris, such exchange shall always take place at the specified office of the Fiscal Agent or of the Paying Agents, as the case may be, in Paris.

8.8 **Non-Business Days:** If any date for payment in respect of any Note or Coupon is not a Payment Business Day, the Noteholder shall not be entitled to payment until the next following Payment Business Day nor to any interest or other sum in respect of such postponed payment.

8.9 **Payment of US Dollar Equivalent:** Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by
a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30 calendar days’ irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US dollars on the due date at the US Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the US Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 10.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 8.9 by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

9. **Taxation**

9.1 **Withholding tax**: All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

9.2 **Additional amounts**: Should French law require that payments of principal or interest in respect of any Note or Coupon be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever levied by the Republic of France, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon, as the case may be:

9.2.1 *Other connection*: to, or to a third party on behalf of, a Noteholder or, if applicable, a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note or Coupon; or

9.2.2 Payment in a non-cooperative State or territory: presented for payment for, or on behalf of a Noteholder (including a beneficial owner (ayant-droit)) that is established or domiciled in a non-cooperative State or territory within the meaning of Article 238-0 A of the French General tax Code (Code général des impôts) (a “Non-cooperative State”) (Etat ou territoire non-coopératif) or paid to an account opened in the name of or for the benefit of that Noteholder in a financial institution situated in a Non-cooperative State or territory provided that (i) the Issuer is required to and has effectively proven that the principal purpose and effect of the issue of Notes were not that of allowing the payments of interest or other revenues to be made in a Non-cooperative State or territory and (ii) the interest or other assimilated revenues on the relevant Notes relate to genuine transactions and are not in an abnormal or exaggerated amount; or

9.2.3 *Presentation more than thirty (30) calendar days after the Relevant Date*: in the case of Materialised Notes, more than thirty (30) calendar days after the Relevant Date; or

9.2.4 *Payment to individuals*: where such withholding or deduction is required to be made pursuant to the Savings Directive and Council Directive 2015/2060/EU; or

9.2.5 *Payment by another Paying Agent*: in respect of Definitive Materialised Bearer Notes, presented for payment by or on behalf of a holder of any Note or Coupon, as the case may be, who would be able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent in a Member State of the European Union.
9.3 **Supply of Information**: Each Noteholder shall be responsible for supplying to the relevant Paying Agent any information required, in a timely manner, to comply with the identification and reporting obligations imposed on it by the Savings Directive and Council Directive 2015/2060/EU.

10. **Events of Default**

The Representative (as defined in Condition 12), upon request of any Noteholder, or, if and so long as the Notes are held by a sole Noteholder and unless a Representative has been appointed, such Noteholder, may, after written notice to the Issuer and the Fiscal Agent has been given and unless all defaults shall have been remedied, cause all the Notes held by such Noteholder to become immediately due and payable, whereupon such Notes shall become immediately due and payable at their principal amount, plus accrued interest to the date of repayment without any other formality, if any of the following events (each an "Event of Default") occurs:

10.1 the Issuer is in default for the payment of any principal or interest due in respect of the Notes or any of them and, with respect to any interest due, the default continues for a period of fifteen (15) calendar days immediately following the service by any Noteholder on the Issuer of notice requiring the same to be remedied; or

10.2 the Issuer fails to perform or observe any of its other obligations under these Terms and Conditions and (except in any case where the failure is incapable of remedy when no continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of thirty (30) calendar days next following the service by any Noteholder on the Issuer of notice requiring the same to be remedied; or

10.3 the Issuer fails to pay when due or, if applicable, at the expiry of any grace period, any monies in excess of EUR 200,000,000 or its equivalent in any other currencies, in respect of any of its indebtedness, other than the Notes, or in the event that any required payment in excess of EUR 200,000,000 or its equivalent in any other currencies in respect of any guarantee it gave in respect of monies borrowed is not honored, unless it is contesting in good faith that such debt is due or that such guarantee is callable so long as the dispute is being defended and has not been fully adjudicated or unless such non-payment arose due to a technical failure or administrative error and is remedied within the shorter of the applicable grace period and eight (8) days on which commercial banks and foreign exchange markets settle payment in London and Paris, following the service by any Noteholder on the Issuer of notice requiring repayment thereof; or

10.4 the Issuer or any Principal Subsidiary is dissolved, wound up or reorganised (either by court order or otherwise) or merges, consolidates, amalgamates with any company unless the successor corporation assumes all of the Issuer's obligations in respect of the Notes and the creditworthiness of such successor company is not materially weaker than that of the Issuer prior to such merger, consolidation or amalgamation; or

10.5 a judgment is issued for the judicial liquidation (liquidation judiciaire) or for a judicial transfer of the whole of its business (cession totale de l'entreprise) of the Issuer; or

10.6 the Issuer or any Principal Subsidiary ceases to carry on all or substantially all of its telecommunications business (which represents a substantial part of the telecommunications business of the Issuer and its Subsidiaries taken as a whole) carried on by it prior to such cessation, the result of which reduces the value of the assets of the Issuer; or

10.7 the Issuer or any Principal Subsidiary stops or threatens to stop payment of, or is unable to, or admits inability to, pay its debts (or any class of its debts) as they fall due (situation de cessation des paiements), or is adjudicated or found bankrupt or insolvent; or

10.8 (A) proceedings are initiated against the Issuer or any Principal Subsidiary under any applicable liquidation, insolvency, composition, reorganisation or any other similar laws, or an application is made for the appointment of an administrative or other receiver, manager, administrator or any other similar official is appointed, in relation to the Issuer or, as the case may be, in relation to the whole or a part of the undertakings or assets of the Issuer, or an encumbrancer takes possession of the whole or a part of its undertakings or assets (which are material in the context of the issue of the Notes), or a
distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against the whole or a part of its undertakings or assets (which are material in the context of the issue of the Notes); and (B) in any case (other than the appointment of an administrator) is not discharged within 28 calendar days, provided that this paragraph (g) shall not apply to any proceedings against the Issuer or a Principal Subsidiary brought by a third party other than an administrative or judicial authority where the Issuer can demonstrate that that any such proceedings are being contested by the Issuer or the Principal Subsidiary in good faith, diligently and by appropriate proceedings in a competent court.

11. **Prescription**

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

12. **Representation of Noteholders**

In respect of the representation of the Noteholders, the following shall apply:

12.1 **Full Masse**: If the relevant Final Terms specify "Full Masse", the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a Masse and the provisions of the French Code de commerce relating to the Masse shall apply subject to the below provisions of this Condition 12.1.

The names and addresses of the initial Representative of the Masse and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative, elected by the general meeting of the Noteholders (the "General Meeting").

In accordance with Article R. 228-71 of the French code de commerce, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00 Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting.

The place where a General Meeting shall be held will be set out in the notice convening such General Meeting; or

12.2 **Contractual Masse**: If the relevant Final Terms specify "Contractual Masse", the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a masse (in each case, the "Masse") which will be subject to the below provisions of this Condition 12.2.

The Masse will be governed by the provisions of the French code de commerce, with the exception of articles L.228-48, L.228-59, R.228-67 and R.228-69, subject to the following provisions:

12.2.1 **Legal Personality**: The Masse will be a separate legal entity and will act in part through a representative (the "Representative") and in part through a general meeting of the Noteholders (the "General Meeting").

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.
12.2.2 Representative:

The office of Representative may be conferred on a person of any nationality who agrees to perform such function. However, the following persons may not be chosen as Representatives:

(a) the Issuer and the members of its board of directors (conseil d'administration), its general managers (directeurs généraux), its statutory auditors and its employees as well as their ascendants, descendants and spouses;

(b) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (gérants), general managers (directeurs généraux), members of their board of directors (conseil d'administration), of their management board (directoire) and of their supervisory board (conseil de Surveillance), their statutory auditors and their employees as well as their ascendants, descendants and spouses;

(c) companies holding 10% or more of the share capital of the Issuer and companies having 10% or more of their share capital held by the Issuer; or

(d) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing a business in whatever capacity.

Unless otherwise provided in the relevant Final Terms:

The Representative shall be:

AETHER FINANCIAL SERVICES S.N.C.
2 square La Bruyère
75009 Paris - France

If different, the name and address of the initial Representative of the Masse will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative.

All interested parties will at all times have the right to obtain the name and address of the initial Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

12.2.3 Powers of the Representative:

The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

12.2.4 General Meeting:

A General Meeting may be called at any time, either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for the General
Meeting to be called. If such General Meeting has not been convened within two (2) months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (mandataire) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 15.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, correspondence or, if the statutes of the Issuer so specify, videoconference or any other means of telecommunication allowing the identification of the participating Noteholders. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

12.2.5 **Powers of the General Meetings:**

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, provided, however, that the General Meeting may not increase the liabilities of Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least one-fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-thirds majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French code de commerce, the rights of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting at 0:00, Paris time.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 15.

12.2.6 **Information to Noteholders:** Each Noteholder or Representative thereof will have the right, during the fifteen (15) calendar day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.

12.2.7 **Expenses:** The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

12.2.8 **Single Masse:** The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all such Series.
12.2.9 **Sole Noteholder:** If and for so long as the Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all the powers, rights and obligations entrusted with the Representative and the General Meeting by the provisions of Condition 12.2.3 and 12.2.5 above, as appropriate. Such Sole Noteholder shall hold a register of the decisions it will have taken in this capacity and shall make it available, upon request, to any subsequent holder of all or part of the Notes of such Series.

For the avoidance of doubt, in this Condition 12, the term "outstanding" shall not include those Notes purchased by the Issuer pursuant to Article L.213-1 A of the Code that are held by it and not cancelled.

13. **Replacement of definitive Notes, Coupons and Talons**

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws and regulations, and regulations of the Regulated Market on which the Notes are listed and/or admitted to trading, at the specified office of the Fiscal Agent or such other Paying Agents as may from time to time be designated by the Issuer for such purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Definitive Materialised Bearer Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Bearer Notes, Coupons or Talons must be surrendered before replacements will be issued.

14. **Further issues and consolidation**

14.1 **Further issues:** The Issuer may, without the consent of the Noteholders or Couponholders create and issue further Notes to be assimilated (assimilées) and form a single series with the Notes provided such Notes and the further Notes carry rights identical in all respects (or in all respects save for the principal amount thereof, the issue date and the first payment of interest specified in the relevant Final Terms) and that the terms of such further Notes provide for such assimilation, and references in these Conditions to "Notes" shall be construed accordingly.

14.2 **Consolidation:** The Issuer, with the prior approval of the Consolidation Agent, may from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than thirty (30) calendar days' prior notice to the Noteholders in accordance with Condition 15, without the consent of the Noteholders or Couponholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

15. **Notices**

15.1 Notices to the holders of Dematerialised Registered Notes shall be valid if either (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) at the option of the Issuer, they are published (a) in a leading daily newspaper with general circulation in Europe (which is expected to be the Financial Times) or (b) in accordance with articles 221-3 and 221-4 of the general regulations (règlement général) of the AMF or (c) so long as such Notes are admitted to trading on Euronext Paris, in a leading daily newspaper of general circulation in France (which is expected to be Les Echos) and, so long as such Notes are listed and/or admitted to trading on any other Regulated Market and the rules of, or applicable to, such Regulated Market so require, in a leading daily newspaper with general circulation in the city where the Regulated Market on which such Notes are listed and/or admitted to trading is located, or by any such other method permitted by such Regulated Market.

15.2 Notices to the holders of Materialised Bearer Notes and Dematerialised Bearer Notes shall be valid if
published (i) in a daily leading newspaper with general circulation in Europe (which is expected to be the Financial Times) or (ii) in accordance with articles 221-3 and 221-4 of the general regulations (règlement général) of the AMF or (iii) so long as such Notes are admitted to trading on Euronext Paris, in a leading daily newspaper of general circulation in France (which is expected to be Les Echos) and so long as such Notes are listed and/or admitted to trading on any other Regulated Market, in a leading daily newspaper with general circulation in the city where the Regulated Market on which such Notes are listed and/or admitted to trading is located, or by any such other method permitted by such Regulated Market.

15.3 If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Materialised Bearer Notes in accordance with this Condition.

15.4 Notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream, Luxembourg or any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication of a notice required by Conditions 15.1 and 15.2 above; except that (i) so long as such Notes are admitted to trading on Euronext Paris, notices shall be published in a leading daily newspaper of general circulation in France (which is expected to be Les Echos) or in accordance with articles 221-3 and 221-4 of the general regulations (règlement général) of the AMF, (ii) so long as the Notes are listed and/or admitted to trading on any Regulated Market and the rules of, or applicable to, such Regulated Market so require, notices shall be published in a leading daily newspaper of general circulation in the city where the Regulated Market on which such Notes are listed and/or admitted to trading is located, or by any such other method permitted by such Regulated Market, and (iii) notices relating to the convocation and decision(s) of the General Meetings pursuant to Condition 12 shall also be published in a leading daily newspaper of general circulation in Europe.

16. **Method of publication of the prospectus and the Final Terms**

The Base Prospectus and the Final Terms related to Notes listed and/or admitted to trading on any Regulated Market will always be published on the websites of the AMF (www.amf-france.org) and Orange (www.orange.com).

In addition, should the Notes be listed and/or admitted to trading on a Regulated Market other than Euronext Paris, the Final Terms related to those Notes will provide whether this Base Prospectus and the relevant Final Terms will be published on the website of (x) such Regulated Market or (y) the competent authority of the Member State in the EEA where such Regulated Market is situated.

17. **Governing law and jurisdiction**

17.1 **Governing law:** The Notes (and, where applicable, Coupons and Talons) and any non contractual obligations arising out or in connection with the Notes are governed by, and shall be construed in accordance with, French law.

17.2 **Jurisdiction:** Any claim against the Issuer in connection with any Notes, Coupons or Talons may be brought before any competent court in Paris.
TEMPORARY GLOBAL CERTIFICATE

Temporary Global Certificate issued in respect of Materialised Bearer Notes

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Bearer Notes. Upon the initial deposit of such Temporary Global Certificate with a common depositary for Euroclear and Clearstream, Luxembourg (the "Common Depositary"), Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depositary may also (if indicated in the relevant Final Terms) credit the accounts of subscribers with other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems with a nominal amount of Notes. Conversely, a nominal amount of Notes that is initially deposited with any clearing system other than Euroclear or Clearstream, Luxembourg may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

(i) if the relevant Final Terms indicate that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see "Summary—Selling Restrictions"), in whole, but not in part, for Definitive Materialised Bearer Notes; and

(ii) otherwise, in whole but not in part, for Definitive Materialised Bearer Notes upon certification as to non-US beneficial ownership (a form of which shall be available at the specified offices of any of the Paying Agents).

A Noteholder must exchange its share of the Temporary Global Certificate for Materialised Bearer Notes before interest or any amount payable in respect of the Notes will be paid.

Delivery of Definitive Materialised Bearer Notes

On or after its Exchange Date, the holder of the Temporary Global Certificate must surrender such Temporary Global Certificate to or to the order of the Fiscal Agent (or its designated agent). In exchange for the Temporary Global Certificate so surrendered, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Bearer Notes.

In this Base Prospectus, "Definitive Materialised Bearer Notes" means, in relation to any Temporary Global Certificate, the Definitive Materialised Bearer Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Temporary Global Certificate and a Talon). Definitive Materialised Bearer Notes will be security printed in accordance with any applicable legal requirements and requirements of the Regulated Market. Forms of such Definitive Materialised Bearer Notes shall be available at the specified offices of the designated Paying Agents.

Exchange Date

"Exchange Date" means, in relation to a Temporary Global Certificate, the calendar day next succeeding the calendar day that is forty (40) calendar days after its issue date, provided that, in the event any further Materialised Notes are issued prior to such calendar day pursuant to Condition 13, the Exchange Date for such Temporary Global Certificate shall be postponed to the calendar day falling after the expiry of forty (40) calendar days after the issue of such further Materialised Notes.
TAXATION

The statements below regarding taxation are based on law and practice at the date of this Base Prospectus and are subject to any subsequent changes in law or practice (which could be made on a retrospective basis). The following statements do not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes and may not apply equally to all persons. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the tax consequences of their ownership of the Notes. This summary does not apply when payments of interest and other revenues with respect to the Notes are made by a paying agent (within the meaning of Council Directive 2003/48/EC) established in Austria.

French taxation

Withholding taxes

The descriptions below are intended as a basic summary of certain withholding tax consequences in relation to the holding of the Notes under current French law by Noteholders who are not shareholders of the Issuer.

Payments of interest and other revenues made by the Issuer with respect to Notes will not be subject to the withholding tax set out under Article 125 A III of the French code général des impôts unless such payments are made outside France in a non-cooperative State or territory (Etat ou territoire non coopératif) within the meaning of Article 238-0 A of the French code général des impôts (a “Non-Cooperative State”).

If such payments under the Notes are made in a Non-Cooperative State, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and potentially to the provisions of an applicable tax treaty), by virtue of Article 125 A III of the French code général des impôts.

Furthermore, interest and other revenues on such Notes will not be deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a financial institution located in such a Non-Cooperative State (the “Deductibility Exclusion”). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 et seq of the French code général des impôts, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 bis of the French code général des impôts, at a rate of 30 per cent. or 75 per cent. subject to the more favourable provisions of the tax treaty, if applicable.

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French code général des impôts nor the Deductibility Exclusion, will apply in respect of a particular issue of Notes if the Issuer can prove that (i) the principal purpose and effect of such issue of Notes were not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “Exception”) and (ii) in respect of the Deductibility Exclusion the interest or other assimilated revenues on the relevant Notes relate to genuine transactions and are not in an abnormal or exaggerated amount. Pursuant to the Bulletin Officiel des Finances Publiques-Impôts BOI-INT-DG-20-50-20140211 no. 550 and no. 990, BOI-RPPM-RCM-30-10-20-40-20140211 no. 70 and no. 80 and BOI-IR-DOMIC-10-20-20-60-20150320 no. 10, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes if such Notes are:

(i) offered by means of a public offer within the meaning of Article L.411-1 of the French code monétaire et financier or pursuant to an equivalent offer in a State which is not a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or

(ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or

(iii) admitted, at the time of their issue, to the clearing operations of a central depositary or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the
French *code monétaire et financier*, or of one or more similar foreign depositaries or operators provided that such depositary or operator is not located in a Non-Cooperative State.

**Payments to individuals fiscally domiciled in France**

Pursuant to Article 125 A of the French *code général des impôts*, subject to certain exceptions, interest and other similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 24% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5% on interest and other similar revenues paid to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

**Hong Kong taxation**

No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Notes or in respect of any capital gains arising from the sale of the Notes.

**PRC taxation**

The holders of RMB Notes who are not resident in the PRC for PRC tax purposes will not be subject to withholding tax, income tax or any other taxes or duties imposed by any governmental authority in the PRC in respect of their RMB Notes or any repayment of principal and payment of interest made thereon.

**Luxembourg**

The Directive has been implemented in Luxembourg law by Act of 21 June 2005. The law of 21 June 2005 has also set up several agreements concluded with certain dependant or associated territories of the European Union Member States and providing for the possible application of a withholding tax.

**Individuals**

**Luxembourg residents**

A 10% withholding tax has been introduced, as from 1 January 2006, on interest payments (in the context of their private wealth) made by Luxembourg paying agents (defined in the same way as in the Directive) in the context of the holding, disposal, redemption or repurchase of the Notes to Luxembourg individual residents. Only interest accrued after 1 July 2005 falls within the scope of this withholding tax. Income (other than interest) from investment funds and from current accounts provided that the interest rate is not higher than 0.75% are exempt from the withholding tax. Furthermore, interest which is accrued once a year on savings accounts (short and long term) and which does not exceed €250 per person and per paying agent is exempted from the withholding tax.

This withholding tax represents the final tax liability for the Luxembourg individual resident taxpayers.

Pursuant to the Luxembourg law of 17 July 2008 amending the law of 23 December 2005, Luxembourg individuals acting in the context of their private wealth can opt for a 10% flat taxation on certain interest accrued from 1 July 2005 and paid as of 1 January 2008 and received from a paying agent located in a member state other than Luxembourg, in a country that is part of the European Economic Area or in certain dependent or associated territories of member states.

The responsibility for the withholding tax in application of the law of 23 December 2005 is assumed by the Luxembourg paying agent (within the meaning of the Directive) and not by the Issuer.

**Luxembourg non-residents**

Subject to the application of the Directive and the applicable laws, there is no withholding tax on payments of interest (including accrued but unpaid interest) made to Luxembourg non-resident Noteholders.

Under the Directive and the applicable laws, a Luxembourg based paying agent (within the meaning of the Directive) is required since 1 July 2005 to withhold tax on interest and other similar income paid by it to (or
under certain circumstances, to the benefit of) a beneficial owner (within the meaning of the Directive) resident in another member state unless the beneficiary of the interest payments elects for the exchange of information. The same regime applies to payments to beneficial owners (within the meaning of the Directive) resident in certain dependent territories.

The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain other countries.

The responsibility for the withholding tax in application of the law of 21 June 2005 is assumed by the Luxembourg paying agent (within the meaning of the Directive) and not by the Issuer.

The law of 25 November 2014 amending the law of 21 June 2005 abolishes this withholding tax system with effect from 1st January 2015 in favour of a mechanisms of mandatory and automatic exchange of information on interest payments made by paying agents based in Luxembourg to residents of an other Member State.

**Corporations**

There is no withholding tax for Luxembourg resident and non-resident corporations holders of the Notes on payments of interest (including accrued but unpaid interest).

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in a dealer agreement dated 29 June 2016 (as amended or supplemented as at the issue date, the "Dealer Agreement") between Orange, the Permanent Dealers and the Arrangers, the Notes will be offered on a continuous basis to the permanent dealers (the "Permanent Dealers"). However, Orange has reserved the right to sell Notes directly on its own behalf to dealers that are not Permanent Dealers (together with the Permanent Dealers, the "Dealers"). The Notes may also be sold by the Issuer through the Dealers, acting as agents for the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are, unless otherwise specified in the relevant Final Terms, jointly and severally underwritten by two or more Dealers.

Orange will pay each relevant Dealer the commission agreed between them in respect of the Notes subscribed by such Dealer. Orange has agreed to reimburse BNP Paribas and Bank of America Merrill Lynch International Limited, Paris Branch as arrangers (the "Arrangers") for certain of their expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Final Terms.

Orange has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

RECENT DEVELOPMENTS

1. 1st quarter 2016 financial information

Revenue increase buoyed by solid commercial performance

Objective of restated EBITDA growth in 2016 confirmed

- The Group’s commercial activity in the 1st quarter of 2016 was very positive across all regions, both in very high-speed fixed and mobile broadband in Europe and in the development of mobile services in Africa and the Middle East.

The Group had 20 million 4G customers at 31 March 2016 (up 2.0x year on year) and 2.226 million fibre customers (up 2.1x in one year on a comparable basis).

In France, fixed broadband recorded 96,000 net additional sales in the 1st quarter, led by fibre (+115,000), which had 1.075 million customers at 31 March 2016. In mobile, net sales of consumer convergent offers continued to be very strong (+209,000), with Sosh withstanding the strong competitive pressure in Q1 at the low end of the market, adding +84,000 net sales. There were 8.7 million 4G customers at 31 March 2016, an increase of 92% year on year.

In Spain, fibre rose strongly with +211,000 net additions in the 1st quarter and 1.020 million customers at 31 March 2016 (up 3.2x in one year). 4G also increased sharply, with 5.8 million customers at 31 March 2016.

In Poland, net sales of mobile contracts remained high in the 1st quarter (+214,000). Similarly, Belgium recorded an increase in mobile contracts for the fourth consecutive quarter.

In Africa and the Middle East, net mobile sales rebounded significantly in the 1st quarter (+1.6 million customers) after slowing in the 4th quarter of 2015. Africa and the Middle East had 111.9 million mobile customers at 31 March 2016 up 2.8% on a comparable basis, and Orange Money had 17.8 million customers (+34%).

- First quarter 2016 revenues (10.009 billion euros) grew for the third consecutive quarter, up 0.6%, after rising 0.1% in the 4th quarter of 2015 and 0.5% in the 3rd quarter (comparable basis). Growth resumed in Spain (+1.8%) after nine consecutive quarters of decline, while the Belgium and Luxembourg segment rose 2.3% as in the 4th quarter of 2015, and the decline in mobile services in Poland was limited to 2.1%. The Enterprise segment increased 2.1%, led by IT and integration services, while growth continued to be strong in Africa and the Middle East, rising 4.4% in the 1st quarter. Meanwhile, revenues in France declined 0.7%, mostly due to the increased drop in national roaming.

- Underlying operating performance increasing: excluding the impact of the employee shareholding operation, 1st quarter restated EBITDA rose 0.3% and the restated EBITDA margin fell 0.1 percentage points. Restated EBITDA for the 1st quarter of 2016 was 2.569 billion euros, a decrease of 1.6% on a comparable basis, while the restated EBITDA margin (25.7%) declined 0.6 percentage points. The Group confirms the objective for the full year of higher restated EBITDA in 2016 than in 2015 on a comparable basis.

- CAPEX (1.457 billion euros in the 1st quarter of 2016) rose 10.4% on a comparable basis, in line with the Essentiels2020 strategic plan, representing 14.6% of revenues. CAPEX on fibre rose sharply, mainly in France. CAPEX related to mobile networks continued to be strong, in particular with the continued deployment of 4G and 4G+. At the same time, the programme to improve the customer experience expanded with the opening of new Smart Stores.

19 Excluding machine-to-machine.

20 Ambition 2016 programme.
Commenting on the publication of the results for the 1st quarter of 2016, Stéphane Richard, Chairman and CEO of the Orange Group, stated:

"For the third consecutive quarter, Orange revenues have grown, again validating our strategy of differentiation through quality and investment. This is due to the strong commercial performance in all Group countries, particularly France, Spain, Belgium, Romania and the Africa and Middle East region as well as in the Enterprise market.

These good results are the fruit of our sustained investment efforts in very high-speed fixed and mobile broadband, in line with our Essentials2020 plan.

In Europe, we doubled the number of our 4G customers in just one year, reaching 20 million. We also reaffirmed our status as the leading fibre operator in Europe where we more than doubled the number of fibre customers to in excess of 2.2 million, principally driven by France and Spain with the successful integration of Jazztel.

During the quarter, we also continued the development of our operations in Africa by becoming an operator in Liberia, consolidating our presence in the Democratic Republic of the Congo and investing in Africa Internet Group, the e-commerce leader on the continent.

Very recently, we laid the foundations for our future mobile banking services by signing an agreement that will allow us to take a stake of 65% in Groupama Banque, which will become Orange Bank."

In France, mobile contract customers rose 9.7% to 24.6 million, representing 86% of the mobile customer base at 31 March 2016 (+3.8 percentage points in one year). In the Europe zone, mobile contracts were up 6.4% year on year on a comparable basis to 31.7 million customers at 31 March 2016, representing 63% of the mobile customer base at that date (+2.6 percentage points in one year). The increase in contract customers in the Europe zone mainly related to Spain and Poland.

There were 17.8 million fixed broadband customers at 31 March 2016, a year-on-year increase of 2.9% on a comparable basis with 408,000 net additions in France and 202,000 in Spain. Fixed broadband subscribers included 2.226 million fibre subscribers at 31 March 2016 (up 2.1x in one year on a comparable basis), with 1.075 million in France and 1.020 million in Spain.

Digital TV services, over the Internet or by satellite, had 8.2 million customers at 31 March 2016, a year-on-year increase of +10.4% on a comparable basis.

Restated EBITDA

Restated EBITDA was 2.569 billion euros in the 1st quarter of 2016, a decrease of 1.6% on a comparable basis, while the restated EBITDA margin was 25.7%, down 0.6 percentage points in relation to the 1st quarter of 2015.

Restated EBITDA in the 1st quarter of 2016 was impacted in particular by the employee shareholding operation. Excluding that component (50 million euros), restated EBITDA rose 0.3% in the 1st quarter of 2016 with the restated EBITDA margin down 0.1 percentage points.

Operating costs in the 1st quarter of 2016 also included the impact in Belgium of the adoption of the IFRIC21 accounting standard21 and the pylon tax increase, for a total of 19 million euros. The combination of other costs showed a modest increase of 32 million euros: 16 million euros related to UEFA Euro 2016, where Orange is an official partner, and increased content costs, particularly in Spain.

---

21 The IFRIC21 accounting standard recognises tax expenses as from January 1st of the year; this change in accounting method is neutral for the full year.
Other expenses were generally stable principally as a result of actions taken in connection with the Explore2020 plan to improve operational efficiency.

**CAPEX**

CAPEX was 1.457 billion euros in the 1st quarter of 2016, an increase of 10.4% in relation to the 1st quarter of 2015 on a comparable basis. The ratio of CAPEX to revenues was 14.6%, an increase of 1.3 percentage points compared with the 1st quarter of 2015.

Investments in fibre continued to rise strongly (+30% in relation to the 1st quarter of 2015 on a comparable basis). At 31 March 2016, 5.5 million households had fibre connectivity in France, a year-on-year increase of 39%. Spain had a total of 7.4 million households with fibre connectivity and confirmed its goal of 14 million households with connectivity by the end of 2020. In Poland, the fibre deployment programme accelerated; 818,000 households had fibre connectivity at 31 March 2016.

In 4G, the Group strengthened its leadership in France with 8,716 sites in service at 31 March 2016 providing coverage to 81% of the population; 4G+ deployment continued with 3,446 sites in service representing 40% of the 4G sites. At 31 March 2016, 4G coverage reached 87% of the population in Spain, 89% in Poland, 99% in Belgium, 72% in Romania, 65% in Slovakia and 85% in Moldova. In addition, 4G is deployed in Botswana, Jordan, Morocco, Mauritius, Cameroon, Guinea-Bissau and, more recently, Côte d’Ivoire.

Programmes to improve the customer experience continued, particularly in France where since the month of February the Paris-Lyon line of the high-speed TGV has 3G and 4G coverage. On the motorways, network quality was improved with eight motorways now covered by 3G+ or 4G.

Modernisation of the stores continued with the deployment of the new Smart Store concept in several countries: France, Spain (first opening), Poland, Romania (five stores now open), Slovakia (first opening) and Egypt (first opening).

With respect to investments in submarine cables, the SEA-ME-WE 5 cable (Southeast Asia / Middle East / Western Europe) reached land in France at Seyne-sur-Mer on 1 March for connection to Orange’s submarine cable station in Toulon. It will link France to Singapore and serve 17 countries. The cable is set to be commissioned in the 2nd half of 2016.

**Changes in asset portfolio**

In accordance with the agreement signed in February 2015, Orange and Deutsche Telekom finalised the sale in January 2016 of 100% of EE, their joint venture in the United Kingdom, to BT Group.

On 6 April 2016, the Group announced that it had acquired 100% of Cellcom, Liberia’s leading mobile operator in number of subscribers\(^2\), through its subsidiary Orange Côte d’Ivoire.

Less than three months after signing an agreement with the Millicom group, Orange announced on 21 April 2016 that it had acquired 100% of the mobile operator Tigo in the Democratic Republic of the Congo (DRC), which represents strong growth potential for the Group.

The process of Orange’s acquisition of Airtel’s subsidiaries in Burkina Faso and Sierra Leone continues. Orange will acquire 100% of the shares of both companies and will carry out these transactions in partnership with its subsidiaries in Côte d’Ivoire and Senegal.

The Group strengthened its presence in Africa and the Middle East with the announcement on 5 April 2016 of the acquisition of an interest in Africa Internet Group, the e-commerce leader on the continent, which will enable Orange to benefit from the rapid development of the e-commerce market in Africa, particularly in the 12 countries where the two groups are present.

Orange also announced, on 15 April 2016, the acquisition through Orange Business Services of 100% of Lexsi, a European leader in cyber security specialising in Threat Intelligence Services.

On 22 April 2016, Orange and Groupama announced they had signed an agreement to develop an innovative, 100% mobile banking service. The agreement follows exclusive negotiations between the two groups since January and will take the form of Orange’s acquisition of 65% of the share capital of Groupama Banque, which will then become Orange Bank.

**2016 outlook**

Orange confirms that restated EBITDA will be higher for the full year 2016 than in 2015 on a comparable basis. This objective will be supported by continued efforts to reduce the cost structure.

\(^2\) At the end of December 2015.
The Group also confirms the objective of a ratio of net debt to EBITDA of around 2x in the medium term to preserve Orange’s financial strength and investment capacity.

Within this framework, the Group is pursuing a policy of selective acquisitions by concentrating on markets in which it is already present.

The Group further confirms the payment of a dividend of 0.60 euros per share for 2015\(^23\). An interim dividend for 2015 of 0.20 euros per share was paid on 9 December 2015 and the balance of 0.40 euros per share will be paid on 23 June\(^24\).

The Group plans to pay a dividend of 0.60 euros per share for 2016\(^5\). An interim dividend for 2016 of 0.20 euros per share should be paid in December.

**Review by operating segment**

**France**

In France, revenues declined 0.7% in the 1st quarter of 2016, mostly related to a more pronounced downturn in national roaming.

Mobile services declined 2.4% in the 1st quarter of 2016, a pace comparable to that of the full year of 2015 (-2.2%). Excluding national roaming, mobile services improved, reflected by the evolution in ARPU, which saw a limited decline of -0.7% in the 1st quarter of 2016 after falling 1.3% in the 4th quarter of 2015. The impact of the rapid growth of SIM-only offers (55% of consumer contracts at 31 March 2016, versus 39% one year earlier) was offset by the favourable impact of continuing growth of the contract customer base despite strong competitive pressures in the consumer market in the 1st quarter of 2016.

Net sales of Open offers continued to be high, rising 182,000 after increasing 233,000 in the 4th quarter of 2015. Similarly, Sosh had an additional 84,000 net sales in the 1st quarter after rising 121,000 in the 4th quarter of 2015. In all, the contract customer base\(^25\) (20.305 million customers) increased 2.7% year on year. In parallel, there were 8.7 million 4G customers at that same date (x1.9 in one year).

Fixed services were slightly improved in the 1st quarter of 2016 (+0.1%) after a decrease of 0.9% in the 4th quarter of 2015. The growth of fixed broadband services accelerated (+4.2% in the 1st quarter of 2016 after rising 3.2% in the 4th quarter of 2015), led by customer base growth and the increasing share of fibre and premium offers (Play and Jet offers). The fixed broadband customer base held 10.830 million subscribers at 31 March 2016 (+3.9% in one year). It included 1.075 fibre subscribers at that date, versus 638,000 one year earlier (+69%). Meanwhile, convergent offers represented 49.6% of the fixed broadband customer base at 31 March 2016, versus 45.9% one year earlier.

Traditional telephony continued its downward trend (-9.4%) in the 1st quarter of 2016, while fixed services to carriers rose 1.5%.

**Europe**

The Europe zone’s revenues climbed 0.4% in the 1st quarter of 2016 after falling 1.0% in the 4th quarter of 2015 on a comparable basis.

The improvement was mainly in Spain, with growth of 1.8% in the 1st quarter of 2016 after a decline of 0.7% in the 4th quarter of 2015. The Belgium & Luxembourg segment rose 2.3%, continuing the positive trend of the previous quarters. Similarly, the Central European countries increased 2.8% in the 1st quarter of 2016, led by Romania, while the revenue decline in Poland slowed (-4.2% after falling 5.1% in the 4th quarter of 2015).

Across the Europe zone, mobile services revenues rose 2.3% in the 1st quarter of 2016 after remaining stable in the 4th quarter of 2015. They benefitted notably from the strong growth of the contract customer base (+6.4% at 31 March 2016 year on year on a comparable basis). At the same time, fixed broadband revenue growth accelerated (+5.7% in the 1st quarter of 2016 after rising 3.6% in the 4th quarter of 2015), led by the rapid growth of fibre in Spain.

Spain

Revenue growth resumed in Spain after nine consecutive quarters of decline. The 1st quarter of 2016 saw an increase of 1.8% after declines of 0.7% in the 4th quarter of 2015, 1.7% in the 3rd quarter and 3.8% in the 1st half (comparable basis).

This change reflects the gradual recovery of mobile services, which rose 4.4% in the 1st quarter of 2016 after rising 0.7% in the 4th quarter of 2015, following decreases of 2.7% in the 3rd quarter and 8.1% in the 1st half. It benefitted in particular from the new richer contract offers launched at the end of 2015 in connection with 4G deployment, which helped improve ARPU. There were 5.8 million 4G customers at 31 March 2016, a doubling of the 4G customer base in one year.

Contracts customer numbers continued to grow (12.2 million customers at 31 March 2016, a year-on-year increase of 5.6% on a comparable basis), while prepaid offers (3.2 million customers) remained stable year on year (-0.6%).

In addition, revenues with the MVNOs and from network sharing rose sharply in the 1st quarter of 2016 (+35.7% and +28.0% respectively).

Fixed services rose 5.0% in the 1st quarter of 2016 on a comparable basis. Revenue growth in fixed broadband accelerated, reaching 8.8% in the 1st quarter of 2016 after rising 6.6% in the 4th quarter of 2015.

Fixed broadband had a total of 3.797 million customers at 31 March 2016, a year-on-year increase of 5.6% on a comparable basis. In particular, fibre grew very rapidly (up 3.2x in one year) with 1.020 million customers at that date representing 27% of the fixed broadband customer base.

Internet TV services (IPTV) also grew quickly, with 365,000 customers at 31 March 2016 (up 2.8x in one year), led by content offers, in particular football championship broadcasts. Meanwhile, convergent offers represented 81.7% of the fixed broadband customer base at 31 March 2016 (+3.7 percentage points in one year).

Poland

Revenues in Poland posted a decline limited to 4.2% in the 1st quarter of 2016 on a comparable basis, after falling 5.1% in the 4th quarter of 2015. They benefitted in particular from stronger growth in mobile equipment sales (+39.6% in the 1st quarter of 2016), led by sales under the instalment payment plan.

Mobile services declined 2.1% in the 1st quarter of 2016, a pace comparable to that of the 4th quarter of 2015 (-1.9%). Commercial momentum continued to be very strong, with 214,000 net contract sales over the quarter.

The total contract customer base grew 11.0% year on year (+849,000 net sales). Mobile broadband services (contract and prepay Internet dongles) increased sharply (+40% year on year), and 4G had 2.4 million customers at 31 March 2016 (up 2.6x in one year). Meanwhile, the number of convergent offers rose 30% year on year, with 766,000 customers at 31 March 2016.

Fixed services fell 8.7% in the 1st quarter of 2016 after declining 8.5% in the 4th quarter of 2015. The erosion of the broadband customer base (2.079 million customers at 31 March 2016) was limited to 5.4% year on year (after declining 6.1% at the end of December 2015), thanks to the rapid development of offers for very high-speed broadband\(^{26}\), which had a total of 366,000 customers at 31 March 2016 (+77% year on year), including 27,000 fibre customers.

Fixed broadband revenues in the 1st quarter of 2016 were nevertheless impacted by ADSL price reductions, falling 6.9% in the 1st quarter of 2016 after declining 5.0% in the 4th quarter of 2015. Traditional telephony declined 12.6% after falling 11.4% the 4th quarter of 2015.

Belgium & Luxembourg

Revenues in Belgium and Luxembourg confirmed the resumption of growth begun in the 2nd half of 2015 with an increase of 2.3% in the 1st quarter of 2016, the same as that of the 4th quarter of 2015. The increase in the 1st quarter of 2016 was generated by mobile services, which rose 2.9%.

The mobile contract customer base\(^{27}\) (2.3 million customers at 31 March 2016) increased 2.9% year on year, representing 65,000 net contract additions, of which 11,000 were added in the 1st quarter of 2016 (8,400 in Belgium), and rapid growth continued in 4G with 1.1 million customers at 31 March 2016 (x1.8 in one year).

Contract ARPU in Belgium rose 3.3% at 31 March 2016, led by the success of richer offers and the development of data services.

The MVNO customer base (1.8 million customers at 31 March 2016) increased 6.2% year on year.

\(^{26}\) Fibre and VDSL subscribers.

\(^{27}\) Excluding machine-to-machine contracts.
Ahead of the launch of the Orange brand in Belgium, planned for 9 May, Mobistar announced on 15 February of this year the gradual geographic deployment of convergent offers using regulated access to cable networks. Mobistar already had more than 5,000 pilot users of these new offers at the end of March 2016.

Central European countries

Revenues in the Central European countries rose 2.8% in the 1st quarter of 2016 on a comparable basis, a pace similar to that of the 4th quarter of 2015 (+2.9%).

Revenues in Romania grew 6.5% in the 1st quarter of 2016, led by an upturn in mobile services and, to a lesser extent, by increased fixed satellite television services and mobile equipment sales. Following the signature of a network sharing agreement with Romania Telekom, Orange will soon be able to launch very high-speed convergent offers in urban areas.

In Slovakia, the revenue downturn was limited to 1.6%, thanks to the favourable trend in mobile services and the growth of fixed services (fixed broadband and carrier services). The decline in Moldova continued (-6.5% in the 1st quarter of 2016), reflecting decreased incoming international traffic and the slowing of mobile equipment sales.

The Central European countries had a mobile customer base of 15.0 million customers at 31 March 2016. Contract customer numbers (7.9 million customers) increased 4.5% year on year on a comparable basis, representing more than half (52.7%) of the mobile customer base at 31 March 2016 (+3.5 percentage points year on year). At that date, Slovakia had 156,000 fixed broadband customers (+14.1% year on year). The number of satellite television services customers in Romania (294,000 at 31 March 2016) rose 54.5% in one year.

Africa & Middle East

Revenues in the Africa & Middle East segment rose 4.4% in the 1st quarter of 2016 on a comparable basis. Mobile services increased 5.1%, led by Côte d’Ivoire, Mali, Egypt and Guinea. In particular, data services rose sharply (+42% in relation to the 1st quarter of 2015) with the deployment of 3G and 4G. Seven countries in the Africa & Middle East segment are already marketing 4G. At the same time, Orange Money revenues rose 53%. Orange Money had 17.8 million customers at 31 March 2016, an increase of 34% year on year.

The mobile customer base comprised 111.9 million customers at 31 March 2016, a year-on-year increase of 2.8% on a comparable basis (+3.0 million customers). The principal contributors to customer base growth were Côte d’Ivoire, Guinea and Cameroon.

Enterprise

Revenue growth resumed in the Enterprise segment in the 1st quarter of 2016 (+2.1%) after falling 0.4% in the 4th quarter of 2015 (comparable basis). Revenues benefitted from the slowing decline of legacy voice and data services, the recovery in IT and integration services, and a favourable 2015 base effect, the 1st quarter of last year having been impacted by a downturn in revenues (-3.4%).

Voice services fell slightly in the 1st quarter of 2016 (-2.3%), reflecting the slowdown in the decline of traditional telephony, while other voice services (voice over IP, customer relations and audioconferencing services) grew in relation to the 1st quarter of 2015.

Data services also rose in the 1st quarter of 2016 (+0.4%), with a good international performance. Revenues from IPVPN subscribers rose 2.3%, while the decline of legacy data services slowed.

IT and integration services rose sharply (+8.6% in the 1st quarter of 2016 after rising 3.6% in the 4th quarter of 2015), particularly internationally (Americas and Asia-Pacific). The recovery was also tied to cloud computing, which had growth of 20.9% in the 1st quarter of 2016 after rising 7.0% in the 4th quarter of 2015.

International Carriers & Shared Services

Revenues in the International Carriers and Shared Services segment rose 3.1% in the 1st quarter of 2016 on a comparable basis, led by the growth of the Viaccess subsidiary with the TV decoder access card replacement programme, revenues from the laying and servicing of submarine cables and, to a lesser extent, increased content services, in particular OCS and Orange Studio.

* Excluding customers of MVNOs

The customer base of the Orange Group at 31 March 2015 on an historical basis included 50% of the EE customer base, which was consolidated into the Group's customer base. Orange and Deutsche Telekom finalised the sale of EE to BT Group in January 2016.
Appendix 4: glossary

Key figures

Comparable basis: data based on comparable accounting principles, scope of consolidation and exchange rates are presented for previous periods. The transition from data on an historical basis to data on a comparable basis consists of keeping the results for the period ended and then restating the results for the corresponding period of the preceding year for the purpose of presenting, over comparable periods, financial data with comparable accounting principles, scope of consolidation and exchange rate. The method used is to apply to the data of the corresponding period of the preceding year, the accounting principles and scope of consolidation for the period just ended as well as the average exchange rate used for the income statement for the period ended.

EBITDA: Earnings Before Interest, Taxes, Depreciation and Amortisation. This indicator corresponds to operating income before depreciation and amortisation, before revaluation related to acquisitions of controlling interests, before impairment of goodwill and asset impairment, and before income from associates. EBITDA is one of the operational profitability indicators used by the Group to steer and evaluate the results of its operating segments and to implement its investment and resource allocation strategy. EBITDA is not a financial performance indicator as defined by IFRS standards and may not be directly comparable to indicators referenced by the same name in other companies.

CAPEX: capital expenditure on tangible and intangible assets excluding telecommunication licences and investments through finance leases. CAPEX is not a financial performance indicator as defined by IFRS standards and may not be directly comparable to indicators referenced by the same name in other companies.

Mobile services

Revenues from mobile services: include revenues generated by incoming and outgoing calls (voice, SMS and data services), network access fees, added-value services, machine to machine, roaming revenues from customers of other networks (national and international roaming), revenues with mobile virtual network operators (MVNO) and revenues from network sharing.

Mobile ARPU: the annual average revenues per user (ARPU) are calculated by dividing the revenues from incoming and outgoing calls (voice, SMS and data services), network access fees, added-value services and visitor roaming over the past twelve months, by the weighted average number of customers over the same period, excluding "machine to machine" customers. The weighted average number of customers is the average of the monthly averages during the period in question. The monthly average is the arithmetic mean of the number of customers at the start and end of the month. Mobile ARPU is expressed as monthly revenues per customer.

Roaming: use of a mobile service on the network of an operator other than that of the subscriber.

MVNO: Mobile Virtual Network Operator. These are operators that do not have their own radio network and thus use the infrastructure of third-party networks.

Fixed services

Includes include traditional fixed telephony, fixed broadband services, enterprise solutions and networks and carrier services (notably national and international interconnections, unbundling and wholesale telephone line rentals).

Fixed broadband ARPU (ADSL, FTTH, satellite and WiMAX): the average revenues per user (ARPU) of broadband services per year are calculated by dividing the revenues generated by retail broadband services over the past twelve months by the weighted average number of accesses over the same period. The weighted average number of accesses is the average of the monthly averages during the period in question. The monthly average is the arithmetic mean of the number of accesses at the start and end of the month. Fixed broadband ARPU is expressed as monthly revenues per access.

2. Administrative, Management and Supervisory bodies

On 7 June, 2016, the Shareholders’ Meeting resolved to renew the terms of office of Mr. Charles-Henri Filippi and Mr. José-Luis Durán and to appoint Mr. Bernard Ramanantsoa as a director for a term of 4 years.

3. Share capital

On 31 May 2016, following the subscription of 11,171,216 new shares of Orange by employees as part of the Employee Share Offering “Orange Ambition 2016”, Orange’s share capital was increased to 10,640,226,396 euros divided into 2,660,056,599 shares with a nominal value of four euros each.

28 With the exception of France, where enterprise solutions and networks are listed under the Enterprise business segment.
4. **Litigation**

In the action brought before the Paris Commercial Court by SFR against Orange SA in 2012 denouncing its retail offers to the secondary residences market and claiming 218 million euros for the loss allegedly suffered, the French Supreme Court annulled on 12 April 2016 the Paris Court of Appeal’s decision of 8 October 2014, which had ruled in favour of Orange. As a consequence, Orange had to pay 52 million euros to SFR pursuant to the first instance judgment rendered on 12 February 2014. The Paris Court of Appeal will have to examine the case on remand.

In the action brought before the Paris Commercial Court by SFR against Orange SA in 2015 for damages allegedly suffered because of Orange’s practices on the B-to-B markets, SFR increased on 12 April 2016 its claims from 512 million euros to 2.4 billion euros. This increase does not alter Orange’s assessment of the dispute. Given the decision of the French Competition Authority of 17 December 2015, which fined Orange 350 million euros in connection with its competitive practices, Orange has already disclosed in the 2015 Registration Document that this claim represents a risk, provided that any right for SFR to be indemnified remains subject to SFR characterizing an actual damage suffered resulting from the sanctioned practices.

On 19 May 2016, the Paris Court of Appeal reduced to 94 million euros the fine of 117 million euros imposed on Orange SA by the French Competition Authority in 2012 for having implemented, as part of their unlimited offers launched in 2005, an excessive price discrimination between calls made within their own networks and calls made to their competitor’s network.

5. **Others**

Following the discussions between Orange and Bouygues that have been ongoing since 5 January 2016 regarding a possible consolidation between the two companies, the Board of Directors of Orange has concluded on April 1, 2016 that an agreement with Bouygues Telecom has not been reached. He has decided therefore to end the discussions.

On 21 April 2016, Orange completed the acquisition of the mobile operator Tigo in the Democratic Republic of the Congo.

On 22 April 2016, Orange and Groupama signed an agreement that aims to enable the development of an innovative, 100% mobile banking service. This agreement concludes the exclusive discussions that have been ongoing between the two Groups since January and paves the way for the acquisition by Orange of a 65% stake in Groupama Banque. Groupama will retain the remaining 35%.

On 3 May 2016, Orange announced the issuance of 750 million euros in 9-year fixed-rate notes with a coupon of 1.00%.

On 22 June 2016, Orange announced that, together with its subsidiary Orange Côte d’Ivoire, it has completed the acquisition of 100% of the mobile operator Airtel in Burkina Faso.
